DECLARATION PURSUANT TO EDUCATION LAW SECTIONS 2590g-(9) AND 2590-h(2-a)(f) CONCERNING THE TEMPORARY RE-SITING AND CO-LOCATION OF CERTAIN SCHOOLS DUE TO HURRICANE SANDY

I, Dennis M. Walcott, Chancellor of the New York City Department of Education ("DOE"), pursuant to sections 2590-g(9) and 2590-h(2-a)(f) of the New York State Education Law, do hereby determine that the temporary re-siting and co-location of schools as described in Appendix A is immediately necessary to preserve the health, safety, and general welfare of students. I further determine that compliance with the requirements of subdivisions (7) and (8) of section 2590-g of the Education Law, which require a public review process and approval by the Panel for Educational Policy (the "Panel") before a proposed significant change in school utilization can take effect, would be contrary to the public interest.

The school buildings listed in Column A of Appendix A are unable to serve students as a result of damage sustained by Hurricane Sandy. Therefore, the schools located in these buildings, which are listed in Column B, have been temporarily re-sited to the buildings listed in Columns C, E and/or G, where they will be co-located with the schools listed in Columns D, F and/or H. The duration of each of these re-sitings and related co-locations will vary as the DOE works to repair the damaged buildings listed in Column A. These temporary re-sitings and related co-locations are intended to minimize any interruption to instruction, and to ensure that students are served in a safe environment. The temporary co-locations may require the re-configuration and/or re-allocation of classrooms and other spaces in the buildings listed in Columns C, E and G, as well as modifications of the use of shared spaces.

These re-sitings and related co-locations may remain in effect until repairs to the respective buildings listed in Column A are completed, or for six months, whichever comes first. If one or more schools listed in Column B is unable to return to its building of origin listed in Column A for more than six months, the DOE shall obtain approval from of the Panel in order to extend the re-siting and any related co-location.

For the reasons set forth above, I find that the temporary re-sitings and co-locations described in Appendix A are necessary to preserve the health, safety, and general welfare of the students. The re-siting of each school listed in Column B and any related co-location shall remain in effect until repairs to its corresponding building listed in Column A are completed, or for six months, whichever comes first, pursuant to this declaration. The re-sitings and related co-locations shall continue beyond six months if approved by the Panel.

Dated: New York, New York
November 8, 2012

Dennis M. Walcott

APPENDIX A

Damaged Buildings		Temporary Re-Sitings and Co-Locations
