Dear School Community,

This report provides a view of the arts education opportunities you are providing for your students based on your responses to the *Annual Arts Education Survey* in May 2015 and includes information from the New York City Department of Education's databases.

The *Annual Arts in Schools Report* is an important part of the New York Department of Education's efforts to ensure that schools are providing students with high-quality arts education they need and deserve. The report has been created to help school leaders, parents, and teachers understand how they can improve student learning in the arts, building on the Blueprint for Teaching and Learning in the Arts which provides detailed PreK-12 curricula aligned with State standards: http://schools.nyc.gov/offices/teachlearn/arts/blueprint.html.

New York State Guidelines and Requirements for Arts Education

The New York State Education Department (NYSED) has specific guidelines and requirements for arts instruction.

At the elementary level, in grades PreK-6, students should receive instruction in dance, music, theater, and visual arts. In addition, NYSED recommends that students spend a specific allocation of hours learning in the arts.

At the middle school level, in grades 7 and 8, the NYSED expects that students achieve, by the end of grade 8 one half-unit in dance, music, theater, or visual arts, and second half-unit in a second arts discipline.

At the high school level, the NYSED requires that all students graduate having taken at least two credits in the arts (dance, music, theater, and/or visual arts).

School's Arts Program Description

This school has submitted the following description of its arts program:
At CAMS we offer a rigorous arts program that encourages and inspires the development of our youth. Whether it is dance, music, theater or visual arts, our classes are designed to broaden our students' education so they can be effective creative thinkers and makers in high school and beyond. At CAMS the sixth graders are exposed to all discipline (vocal music, dance, theater and visual arts). The seventh and eighth grade students focus on one art form that provides a curriculum for developing artistic skills and creative expression.

In addition, for the past four years, Collaborative Arts Middle School Art Department has provided its students with an exciting performance experience in our winter and spring concerts. It is a rite of passage for many of our students to shine in front of family and friends. The showcase offers our students a professionally directed performance that allows them to present to their families and friends the results of their end of the year's hard work, dedication, and progress in their art studios. There is no doubt that the arts programs at CAMS are fun for our students.
