Dear School Community,

This report provides a view of the arts education opportunities you are providing for your students based on your responses to the *Annual Arts Education Survey* in May 2015 and includes information from the New York City Department of Education's databases.

The *Annual Arts in Schools Report* is an important part of the New York Department of Education's efforts to ensure that schools are providing students with high-quality arts education they need and deserve. The report has been created to help school leaders, parents, and teachers understand how they can improve student learning in the arts, building on the Blueprint for Teaching and Learning in the Arts which provides detailed PreK-12 curricula aligned with State standards: http://schools.nyc.gov/offices/teachlearn/arts/blueprint.html.

New York State Guidelines and Requirements for Arts Education

The New York State Education Department (NYSED) has specific guidelines and requirements for arts instruction.

At the elementary level, in grades PreK-6, students should receive instruction in dance, music, theater, and visual arts. In addition, NYSED recommends that students spend a specific allocation of hours learning in the arts.

At the middle school level, in grades 7 and 8, the NYSED expects that students achieve, by the end of grade 8 one half-unit in dance, music, theater, or visual arts, and second half-unit in a second arts discipline.

At the high school level, the NYSED requires that all students graduate having taken at least two credits in the arts (dance, music, theater, and/or visual arts).

School's Arts Program Description

This school has submitted the following description of its arts program:
Our arts program is dedicated to the fine arts, performing arts, digital arts and graphic design. Each program is a 3-year sequence and is a comprehensive application of each specific discipline. Our performing arts program offers Major Band A & B, Chorus, Drama, Video & Stage Production. The collaborative effort allows our students to reach their potential in each area and provides them with multiple venues in order to perform their talents. Holiday shows, concerts, musicals and extra-curricular functions allow our students to showcase their talent. Many of our student audition for schools such as LaGuardia and have achieved high levels of success in their secondary and collegiate careers. The Fine Arts program allows students to express their talents using media such as watercolors, pastels, oils and charcoal to generate beautiful pieces of art that adorn our building. The Digital Arts program affords our students with the opportunity to utilize current software applications to generate a wide variety of projects of student interpretations of design. Graphic Design allows our students to work on the design and application of logos and other media displays. Our program is supported by an extremely talented and gifted staff who lend their expertise to our developing artists. The talents of our students are showcased each year in our annual "Night of the Arts" where the entire Paulo community celebrates the success of our gifted students.

Notes

- The Annual Arts in Schools Report is based on schools' responses to the 2014-2015 NYCDOE Annual Arts Education Survey as well as from NYCDOE databases.
- Data on arts instruction provided by school-based teachers to students in Kindergarten through sixth grade were retrieved from the NYCDOE Scheduling, Transcripts, and Academic Reporting System (STARS) database.
- Data on sixth through twelfth grade students participating in arts classes; high school sequences; the NYSED middle school arts requirement; and the NYSED high school arts requirements were retrieved from the NYCDOE STARS database.
- Full-time certified teacher data were retrieved from the NYCDOE Division of Human Resources.
- All data are based on arts instruction offered during the school day. This Annual Arts in Schools Report does not report on after school, weekend, and summer arts education.
- Throughout this report, a blank field represents "none" or no data provided.

Definitions

- "Pull-out" programs refer to those school day instructional activities that are scheduled for groupings of students across a grade or grades and not by official class.
- An Individualized Education Plan (IEP) describes the special education and related services specifically designed to meet the unique educational needs of a student with a disability. An IEP is the guiding document for a student's educational program. It includes all of the goals, objectives, present levels of performance and related services that are recommended for the student.
