Dear School Community,

This report provides a view of the arts education opportunities you are providing for your students based on your responses to the *Annual Arts Education Survey* in May 2015 and includes information from the New York City Department of Education's databases.

The *Annual Arts in Schools Report* is an important part of the New York Department of Education's efforts to ensure that schools are providing students with high-quality arts education they need and deserve. The report has been created to help school leaders, parents, and teachers understand how they can improve student learning in the arts, building on the Blueprint for Teaching and Learning in the Arts which provides detailed PreK-12 curricula aligned with State standards: http://schools.nyc.gov/offices/teachlearn/arts/blueprint.html.

New York State Guidelines and Requirements for Arts Education

The New York State Education Department (NYSED) has specific guidelines and requirements for arts instruction.

At the elementary level, in grades PreK-6, students should receive instruction in dance, music, theater, and visual arts. In addition, NYSED recommends that students spend a specific allocation of hours learning in the arts.

At the middle school level, in grades 7 and 8, the NYSED expects that students achieve, by the end of grade 8 one half-unit in dance, music, theater, or visual arts, and second half-unit in a second arts discipline.

At the high school level, the NYSED requires that all students graduate having taken at least two credits in the arts (dance, music, theater, and/or visual arts).

School's Arts Program Description

This school has submitted the following description of its arts program:

PS 531 is committed to ensuring every child has a balanced arts education. We provide weekly music instruction to every student in our school, exploring songs, composers and instruments from around the world. Students sing, dance and play instruments in a winter and spring concert. We also have a 5th Grade band that meets before school comprised of 25 students, and another 25 4th and 5th Grade students participating in a rock production of Hamlet. Our art teacher works with classroom teachers to create projects relevant to common core units of study. Students work both independently and cooperatively to create illustrations, sculpture, murals, stage sets and art portfolios. Additionally, all students participate in a Friday enrichment program. Clubs include dance, arts & crafts, piano, and drama. Students choose clubs rather than being assigned to them, which allows them freedom to pursue topics that interest them. At PS 531, children are artists. Our arts curriculum and partnership with the Kids Creative after-school program are designed to allow children to further pursue their interests and encourage their passions for the arts.
