Dear School Community,

This report provides a view of the arts education opportunities you are providing for your students based on your responses to the *Annual Arts Education Survey* in May 2016 and includes information from the New York City Department of Education's databases.

The *Annual Arts in Schools Report* is an important part of the New York Department of Education's efforts to ensure that schools are providing students with high-quality arts education they need and deserve. The report has been created to help school leaders, parents, and teachers understand how they can improve student learning in the arts, building on the Blueprint for Teaching and Learning in the Arts which provides detailed PreK-12 curricula aligned with State standards: http://schools.nyc.gov/offices/teachlearn/arts/blueprints.html.

New York State Guidelines and Requirements for Arts Education

The New York State Education Department (NYSED) has specific guidelines and requirements for arts instruction.

At the **elementary level**, in grades PreK-6, students should receive instruction in dance, music, theater, and visual arts. In addition, NYSED recommends that students spend a specific allocation of hours learning in the arts.

At the **middle school level**, in grades 7 and 8, the NYSED expects that students achieve, by the end of grade 8 one half-unit in dance, music, theater, or visual arts, and second half-unit in a second arts discipline.

At the **high school level**, the NYSED requires that all students graduate having taken at least two credits in the arts (dance, music, theater, and/or visual arts).

School's Arts Program Description

This school has submitted the following description of its arts program:
At P.S. 62 we are very proud of our arts department. All of our students receive dance and visual arts. In addition, our third and fourth grade students receive instruction in either guitar or violin. During these classes, they are exposed to different forms of arts across a variety of cultures. Our dancers begin by practicing creative movements and developing motor skills. As the students progress into the upper grades they focus on specific styles of dance and explore a variety of ways to create and manipulate their own movement. Our arts program provides opportunities for students to become literate in art, make social, cultural and historical connections, become lifelong learners and advocates for the arts. Additionally, our third, fourth and fifth grades are given the opportunity to participate in an arts club. We offer dance, visual arts, and chorus. We celebrate the arts throughout the year through shows, exhibits and classroom presentations attended by the whole school community. These performances and presentations are recorded and uploaded to our school website for viewing.
