Dear School Community,

This report provides a view of the arts education opportunities you are providing for your students based on your responses to the *Annual Arts Education Survey* in May 2016 and includes information from the New York City Department of Education's databases.

The *Annual Arts in Schools Report* is an important part of the New York Department of Education's efforts to ensure that schools are providing students with high-quality arts education they need and deserve. The report has been created to help school leaders, parents, and teachers understand how they can improve student learning in the arts, building on the Blueprint for Teaching and Learning in the Arts which provides detailed PreK-12 curricula aligned with State standards: http://schools.nyc.gov/offices/teachlearn/arts/blueprints.html.

New York State Guidelines and Requirements for Arts Education

The New York State Education Department (NYSED) has specific guidelines and requirements for arts instruction.

At the **elementary level**, in grades PreK-6, students should receive instruction in dance, music, theater, and visual arts. In addition, NYSED recommends that students spend a specific allocation of hours learning in the arts.

At the **middle school level**, in grades 7 and 8, the NYSED expects that students achieve, by the end of grade 8 one half-unit in dance, music, theater, or visual arts, and second half-unit in a second arts discipline.

At the **high school level**, the NYSED requires that all students graduate having taken at least two credits in the arts (dance, music, theater, and/or visual arts).

School's Arts Program Description

This school has submitted the following description of its arts program:
Involvement in the arts is associated with gains in academics. Arts learning can also improve motivation, concentration, confidence, and teamwork. Our Bronx Arts Education program enables our children to have a more level playing field with children who have had enrichment experiences in the Arts. Comprehensive, innovative arts initiatives continue to take root in our school. P.S.73 fosters the use of the arts as a learning tool by incorporating arts into our daily programs, creating a school environment rich in arts and culture and hands-on arts instruction.
Through various grants, our students have been afforded the opportunity to learn how to play the Recorder and Guitar. We have also acquired the licensed rights from the Disney Corporation to perform the Lion King Jr. as our first major performance production in years. Our second year music instructor continues to flourish us with new innovative ideas to strengthen and increase the growth of music education. The After-School program, SCAN has supported us in financing to establish a Drama Club. The revitalized 'state of the Art' auditorium has been put to good use re-establishing school concerts and Stage productions. Our parents continue to be pleasantly surprised at the talent we have discovered since improving our Arts programs. We will continue to grow and strengthen our Visual and Music Arts Program.
