WELCOME

TO MIDDLE SCHOOL ADMISSIONS

Middle school is a new and exciting time for children and families. Residents of New York City are able to apply to a wide range of middle school options that offer children a rich variety of opportunities to explore their interests. It is our hope that this directory will help you find a school that suits your child's needs, interests, and aspirations during this exciting and important time.

This directory contains information about all public middle schools that are open to students and residents in this district. This introduction will guide you through Middle School Admissions, from learning about schools to submitting your application.

These additional resources will also help in your Middle School Admissions journey.

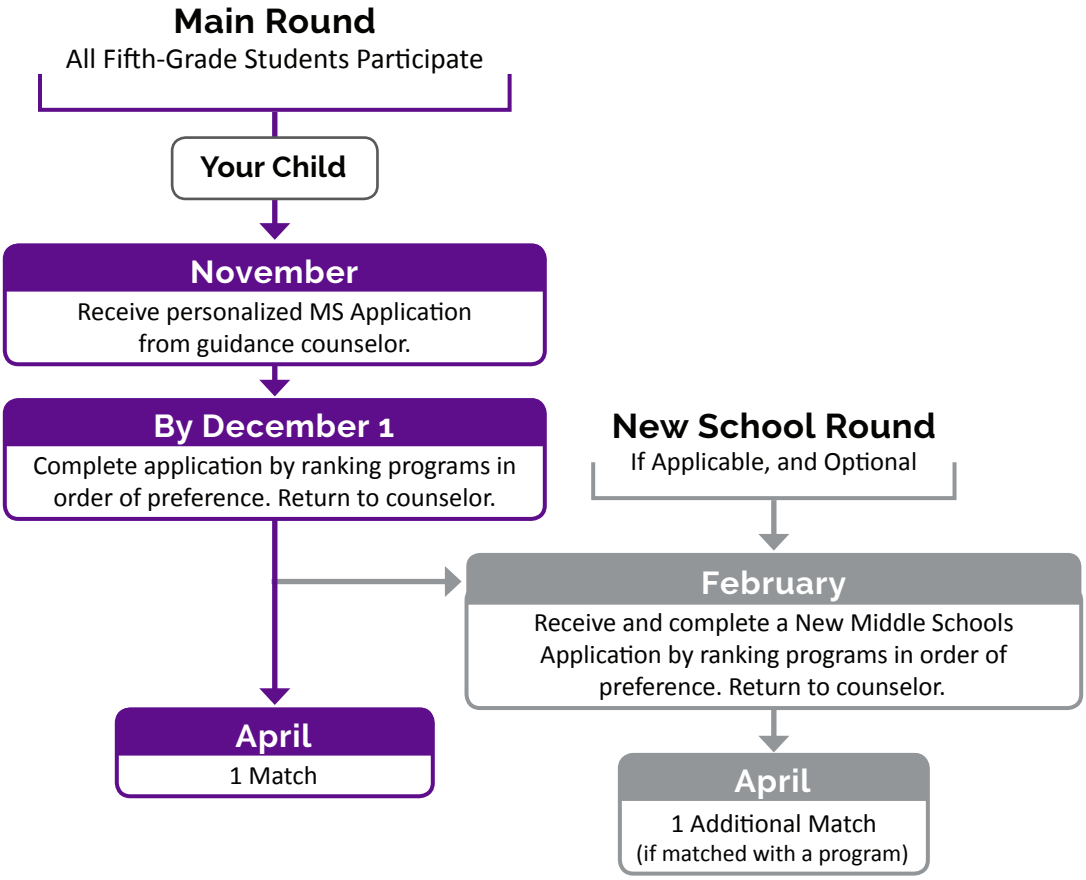
1.0 HOW DO I PARTICIPATE IN MIDDLE SCHOOL ADMISSIONS?

Receiving My Application

In order to participate in Middle School Admissions, you must submit a Middle School Application by Thursday, December 1, 2016. The application will be personalized for your child and includes all of the middle school programs to which your child may apply.



If your child is eligible for any new NYC Department of Education schools or programs, you will be invited through your child's guidance counselor to apply to these programs in February. Applying is optional. If your child receives a match to a new school or program, you will have to choose between your new school match and your main round match.

A match means the student has received a placement in that program for the following school year. Most students are matched to one of the programs ranked on their Middle School Application, although it is not guaranteed. If your child does not match to one of the programs ranked on his or her application, s/he will receive a placement in a school where s/he is eligible to attend middle school. This could be either: (1) a school in the district to which s/he is zoned to attend middle school or, when different, (2) the district where s/he attends public elementary school.

What happens if my child is not currently enrolled at a New York City public school?

Students not currently enrolled in a New York City public school—which means students currently attending a private or parochial school or new to New York City—will need to

request an application for the district in which they live from a Family Welcome Center. When you request an application, provide the Family Welcome Center with a 2016 report card from your child's school with grades, attendance, and academic and personal behavior competencies so that they may be included as part of the admissions process.

Private and parochial students are eligible to attend middle school in the district in which they are zoned for middle school or any programs open to their borough or New York City.

See the inside of the back cover for a list of Family Welcome Center locations.

Completing My Application

All New York City public elementary school fifth graders receive a personalized application from their current school in November. This application will contain information about the student and will list all of the middle schools to which that student may apply.

To complete your child's Middle School Application, you will need to review parts 1, 2, and 3, rank schools in part 5, and sign and date the application in part 6.

Schools Not on Your Middle School Application

School-Based Application Schools: Some middle schools in this directory have a school-based application process. These schools do not participate in Middle School Admissions and will not be listed on your child's Middle School Application. Schools with their own application processes will not have any program information listed on their directory school page. Please contact these schools directly or visit the school's website for more information about how to apply.

Charter Schools: Charter schools manage their own admissions, and will not be on your application. If you are interested in any charter schools, please contact them directly for more information about how to apply. For more information on charter schools, please see section 5.3 "Charter Schools."

2.0 HOW DO I USE THE MIDDLE SCHOOL DIRECTORY?

When looking for middle school programs to apply to, it is important to think about what will help your child learn and grow. Start by thinking about what matters to you and keep this in mind as you explore schools and programs in this directory.

This sample school page below shows you what a typical Middle School Directory school page looks like and includes all the information you want to review. Keep reading to learn how to use each section.

- **Boroughwide Schools:** Have one or more programs open to students or residents of the borough.
- **Citywide Schools:** Open to residents of New York City.

School Location and Transportation

It is important to consider where schools are located in relation to your home. In section 6.1 "District Middle School Map," there is a map that shows the location of all the middle schools in this district. The map includes all middle schools in the district, including middle schools that you would apply to through Middle School Admissions, charter schools that have a separate admissions process, and schools that require a school-based application, if applicable. Research your child's train and bus route options for schools of interest.

For a summary of student transportation, please see section 5.7 "Student Transportation."

2.2 School Performance

Use this section to compare the performance statistics for each school and think about how they will help your child meet his or her goals:

SCHOOL PERFORMANCE

90%	of students passed core courses	**11%**	attend high school at Chambers Street High School	**93%**	of students feel safe in the hallways, bathrooms, locker room, and cafeteria
34%	of students were proficient on the State English Test	**9%**	attend high school at Adams Street High School		*Search **99A123** at schools.nyc.gov/accountability for more about this school's performance and demographics.*
28%	of students were proficient on the State Math Test				

The school performance section contains the following for each school:

- **Course and Test Results:** The percentage of students who passed courses in the core subjects (English, math, social studies, and science), and the percentage of sixth, seventh, and eighth grade students who scored at Level 3 or 4 on the New York State English and Math tests.

- **Most Commonly Attended High Schools:** The NYC Department of Education high schools most commonly attended by last year's graduates of this school, and the percentage of graduates who attend each.
- **School Survey Results:** The percentage of students who feel safe in the hallways, bathrooms, locker room, and cafeteria as reported on the NYC School Survey.

For more information on school performance, see section 5.2 "Accountability."

2.3 School Information

Use this section to learn about student life at this school, including courses and activities.

You can learn about the following in this section:

- The number of students who were enrolled in grades six through eight as of November 2015.
- If the school is a Community School. For more information, see section 5.4 "Community Schools."
- The English Language Learner programs offered by the school last year. For more information, see section 5.5 "English Language Learners."

Stop & Learn This is the end of section 2.0 "How Do I Use the Middle School Directory?" Complete the activity "Middle School Directory Scavenger Hunt" before you move onto the next section.

STUDENT ACTIVITY

MIDDLE SCHOOL DIRECTORY SCAVENGER HUNT

Complete the scavenger hunt below using the Middle School Directory page of a school you are interested in. Fill in each box with information about that middle school.

How many students go to this school?

How might I get to this school from where I live?

What phone number, email, or website can I use to get information on how to visit this school?

What time does a typical day start for sixth graders?

What are two *courses* this school has?

What are two *activities* this school has?

3.0 HOW ARE MIDDLE SCHOOL MATCHES MADE?

Your child will be matched to his/her highest possible program choice based on the following:

- **Your Program Choices:** The order in which you rank programs on the application. (See section 3.1)
- **Admissions Priorities:** The order in which applicants are considered for placement. A program that gives preference to zoned students is an example of an Admissions Priority. (See section 3.2)
- **Admissions Methods:** The way schools consider and admit applicants. A program that screens students is an example of an Admissions Method. (See section 3.3)
- **Seats:** The number of seats offered at each program. (See section 3.4)

3.1 Your Program Choices

Rank up to 12 choices in order of preference. Students will be matched to their highest possible choice taking into consideration Admissions Priorities, Admissions Methods, and seats.

When you fill out the Middle School Application, you are not just applying to schools, you are applying to programs.

- You can think of programs as "doorways" through which schools accept students.
- If a school has multiple programs, eligible students may apply to one program or more than one program at that school.
- Programs at the same school may have different Admissions Priorities and Admissions Methods. You may decide to apply to one program over another based on its admissions or because it has a particular theme.

Note: Screened programs in Districts 1, 2, 3, 4, 5, 13, and 14 will see how you rank them, which may affect your application choices. See section 6.0 "Specific Information for This District" to learn if this applies to you.

Zoned Students: Students who are zoned to a middle school—or a campus containing multiple middle schools—have priority to attend that school or schools. To receive this priority, you must rank your child's zoned school(s) on the Middle School Application. You do not need to rank your child's zoned school(s) as your first choice to receive the priority. You should, however, rank your programs in the order that you'd like your child to be considered for them.

Students in Continuing K-8 Schools: Students are guaranteed to match with their continuing school if they place it on their application. Students will first be considered for programs they rank higher on their application. You do not need to rank your child's continuing school as your first choice to receive the guarantee.

3.2 Admissions Priorities

Admissions Priorities determine the order in which applicants are considered for placement in a middle school program. If a program has multiple Admissions Priorities, students who fall into the first priority group will be considered for placement first. Students who fall into higher priority groups have a better chance of getting into a particular program than students who fall into lower priority groups. Schools with multiple middle school programs may have different Admissions Priorities for those programs, so be sure to review carefully the "Program Admissions" section on school pages.

Let's review an example of Admissions Priorities from a school page.

PROGRAM ADMISSIONS

Program Name	Code	Admissions Method	Prior Year Admissions				
			Type	Applicants	Seats	Applicants Per Seat	Seats Filled
(I.S. 123) Academic Honors Program	**A123S**	Screened	GE	225	55	4	Y
			SWD	75	18	4	Y
Eligibility: Open to students and residents of Brooklyn **Admissions Priorities:** ❶ Priority to students and residents of the District ❷ Then to students and residents of Brooklyn. *Last year, this program admitted students from all priority groups.* **Selection Criteria:** Academic and Personal Behaviors ■ Attendance ■ Final 4th Grade Report Card ■ Punctuality ■ 4th Grade New York State ELA and Math Exams							
(I.S. 123) Zoned Program	**A123Z**	Zoned	Zoned				
Eligibility: Open to students residing in the zone							

Admissions Priorities

This means that priority group 1 is all students and residents of the district who ranked this program on their applications. These students will be considered before priority group 2, which is all Brooklyn students or residents who ranked this program on their application.

This also tells us that last year, applicants from both groups were matched with this program. This illustration shows what the Admissions Priorities look like for the program above:

Here are common Admissions Priorities used to determine matches:

What you will see in the directory		What it means
"Priority to continuing 5th graders"	Means **that**	**Continuing Fifth Graders Priority:** Students who are already enrolled at a K-8 school and who list their school on their application will have priority over other applicants.
"Priority to students and residents of the District"	Means **that**	**Geographic Priority:** Students may have priority based on the district, borough, or geographic area in which they live and/or go to school. (If a student lives and goes to school in different boroughs or districts, that student has priority in both places.)
"Priority to New York City residents who attend an information session"	Means **that**	**Limited Unscreened Priority:** Students who signed in at a program's open house or at the school's table at a fair are put in a higher priority group. (This happens at programs that use a "Limited Unscreened" Admissions Method.)
"Priority to students who apply and live in the zoned area."	Means **that**	**Zoned Priority:** Students who live in a certain area will have priority. To find out if you live in a zoned area, check your application or visit **schools.nyc.gov/SchoolSearch**

The Types of MIDDLE SCHOOL ADMISSIONS METHODS

How are students admitted?		What do schools see?
Unscreened	Students are randomly selected	Biographical Information (Student's name, address, current school, gender) Special Education Status
Zoned	Matches based on residence	
Limited Unscreened	Priority to students who attend an information session	
Screened Language	Students are ranked based on language proficiency	Biographical Information Special Education Status English Language Learner Status Final Report Card Grades Standardized Test Scores Attendance and Punctuality Internal Assessment
Talent Test	Matches are made based on score attained on talent tests given at I.S. 239 Mark Twain. Interested students must fill out a Request for Testing form and return it to their elementary school by October 14, 2016.	
Composite Score	Students are admitted in descending order of score consisting of at least four of these criteria	Academic & Personal Behaviors Attendance and Punctuality Final 4th Grade Report Card New York State ELA Exam New York State Math Exam
Screened	Students are ranked by schools based on academics, audition, other assessment, and/or attendance	Biographical Information Special Education Status Final Report Card Grades Standardized Test Scores Attendance and Punctuality Internal Assessment

3.3 Admissions Methods

Admissions Methods are the ways in which middle school applicants are admitted into programs. The seven types of Admissions Methods are explained in more detail below:

Admissions Method

■ **PROGRAM ADMISSIONS**

Program Name	Code	Admissions Method	Prior Year Admissions				
			Type	Applicants	Seats	Applicants Per Seat	Seats Filled
(I.S. 123) Academic Honors Program	**A123S**	Screened	GE	225	55	4	Y
			SWD	75	18	4	Y
Eligibility: Open to students and residents of Brooklyn **Admissions Priorities:** ❶ Priority to students and residents of the District ❷ Then to students and residents of Brooklyn. *Last year, this program admitted students from all priority groups.* **Selection Criteria:** Academic and Personal Behaviors ■ Attendance ■ Final 4th Grade Report Card ■ Punctuality ■ 4th Grade New York State ELA and Math Exams							
(I.S. 123) Zoned Program	**A123Z**	Zoned	Zoned				
Eligibility: Open to students residing in the zone							

Selection Criteria

Admissions Methods that DO NOT see your child's academic information

Unscreened: In Unscreened programs, students who apply are randomly selected. If there are priority groups within an Unscreened program, students will be selected randomly within those priority groups.

Limited Unscreened: In Limited Unscreened programs, students are selected randomly with priority to students who demonstrate interest in the school by attending an information session, school tour, open house event, or by visiting the school's table at the Middle School Fair. You must sign in at one of these events to receive priority to the school's Limited Unscreened program(s).

Zoned: Zoned programs are open to students who live in the geographic zoned area of the middle school. To find out if your child is zoned to one or more middle schools, please visit **schools.nyc.gov/schoolsearch** or check your Middle School Application.

Talent Test: Talent Test programs base admission on a student's exam performance in specified talent areas. Talent Test programs are found at several District 21 schools, including I.S. 239 Mark Twain, which is open to all NYC residents. Testing details are listed on Talent Test schools' directory pages.

Admissions Methods that DO see your child's academic information

Screened: Screened programs rank applicants using factors that may include final report card grades from the prior school year, reading and math standardized test scores, and attendance and punctuality. Some Screened programs have additional requirements like an interview, audition, writing sample, and/or diagnostic test. If you have any questions, contact the individual schools for more information.*

Screened: Language: Screened: Language programs use home/native language as the basis for admission. Interested students should review the program admissions to make sure they are applying to a program that matches their home/native language. Some Screened: Language programs may give priority to ELLs, participants of elementary school-level Dual Language and Transitional Bilingual Education programs in the target language, and/or heritage speakers of the target language. For more information on ELL models, please see section 5.5 "English Language Learners."*

Composite Score: Composite score programs base admission on a combination of factors used to create one score for each student. Students are then placed in descending order based on their composite score and where the student ranked the program on their application. Composite score programs use a combination of academic and personal and behavioral characteristics.*

*Please note that, consistent with New York State law, state ELA and Mathematics test results will not be the sole, primary, or major factor in admissions decisions. Instead, multiple measures, which may include state test results, will be used to make admissions decisions for all Screened, Screened: Language, and Composite Score programs.

Selection Criteria describe the factors that determine how students match with a program. For **Screened**, and **Screened: Language** programs, the selection criteria describe what the school considers when ranking applicants. For **Composite Score** programs, the selection criteria describe what information is used to create each student's composite score.

Selection Criteria for **Screened** and **Composite Score** programs might include the following:

- Final 4th Grade Report Card
- 4th Grade State ELA and Math Tests
- Attendance and Punctuality From 4th Grade
- Academic and Personal Behaviors From 4th Grade

Academic and Personal Behaviors are a part of the fourth grade report card. Schools evaluate these behaviors along with the academic courses. The specific behaviors evaluated are:

- Manages time and consistently demonstrates effort to independently achieve goals
- Works in an organized manner
- Persists through challenges to complete a task by trying different strategies
- Asks for help when needed
- Respects school rules and works well in the school community

If a school is not evaluating these behaviors as a part of the report card, school staff will provide this information on the student's behavior in the fourth grade so that all students have the same information available for evaluation.

Fourth-Grade Information

Middle School Admissions uses information from the fourth grade to evaluate students for admission. School staff should not ask families to provide extra information in the form of report cards from additional years or separate recommendations from teachers.

3.4 Seats

Review the number of available seats in a program and the number of applicants for those seats during the prior year admissions. The number of applicants per seat will affect your chance of being matched. Programs that filled all seats in the Main Round are marked with a "Y."

Seats

PROGRAM ADMISSIONS

Program Name	Code	Admissions Method	Prior Year Admissions				
			Type	Applicants	Seats	Applicants Per Seat	Seats Filled
(I.S. 123) Academic Honors Program	**A123S**	Screened	GE	225	55	4	Y
			SWD	75	18	4	Y
Eligibility: Open to students and residents of Brooklyn **Admissions Priorities:** ❶ Priority to students and residents of the District ❷ Then to students and residents of Brooklyn. *Last year, this program admitted students from all priority groups.* **Selection Criteria:** Academic and Personal Behaviors ■ Attendance ■ Final 4th Grade Report Card ■ Punctuality ■ 4th Grade New York State ELA and Math Exams							
(I.S. 123) Zoned Program	**A123Z**	Zoned	Zoned				
Eligibility: Open to students residing in the zone							

Each middle school program has a specific number of available seats for incoming students. Available seats are divided into two groups:

- One group of seats is reserved for students who are part of the general education population and students who receive special education instructional programming for 20% or less of their academic program (GE).
- The second group of seats is reserved for students who receive special education instructional programming for more than 20% of their academic program (SWD).

Student applications will automatically be assigned to one group of seats. For students with disabilities, this is based on the services they are currently receiving according to their Individualized Education Program (IEP). The number of available seats in each group is based on the percentage of students with disabilities receiving services in fifth grade in that school's district.

Seats are used for admissions purposes only; all students with IEPs will receive the services listed on their IEPs. The number of available seats for each group of students in the prior year is shown next to each program.

4.0 HOW DO I LEARN MORE ABOUT SCHOOLS AND PROGRAMS?

Middle School Fairs

After you've explored schools and programs using the Middle School Directory, start planning your visits to **middle school fairs and open houses** to learn more about the middle schools in your district.

2016 Middle School Admissions Key Dates

TUESDAY	WEDNESDAY	WEDNESDAY	THURSDAY
September 27	September 28	October 5	October 6

Middle School Fairs

All district middle school fairs will take place on one of the above dates.
Check the Middle School Admissions website below for updates.

Middle school fairs will take place in September or October. At the fair, you will be able to meet school staff and ask questions about specific programs and offerings. Information about middle school fairs will be available from elementary schools and online at **schools.nyc.gov/middle** this fall.

School Open Houses and Tours

2016	2016	2016
SEPTEMBER	OCTOBER	NOVEMBER

Many middle schools offer open house/school tour events where you and your child can see the school, meet staff members, and ask questions. Before you visit, prepare a list of questions for school staff about the school's culture, course offerings, and activities. You can also use the "Asking Questions at Middle School Events" activity on the next page. For information about school open houses/school tours, please contact middle schools of interest directly.

TIP

School Visits: When visiting schools, always sign in clearly because some programs will use this to move you to a higher priority group.

Stop & Learn This is the end of section 4.0 "How Do I Learn More About Schools and Programs?" Complete the activity "Asking Questions at Middle School Events" before you move onto the next section.

5.0 ADDITIONAL MIDDLE SCHOOL ADMISSIONS INFORMATION

5.1 Accessibility

The Department of Education is committed to ensuring that its programs, services, and activities are accessible to staff, members of the school community, students, and family members with disabilities. The Department of Education assesses its buildings on a continuing basis to determine which schools are accessible to individuals with disabilities.

Accessible Schools are located in a fully or partially accessible building where an individual with mobility impairment may enter and access all relevant programs and services, including the science laboratory, library, cafeteria, and the gymnasium; in some cases, school programs may need to be re-located to accommodate access. At least one restroom is accessible. For the most up-to-date information on the accessibility of each school, please contact the school directly. Families are encouraged to visit schools to learn about the level of accessibility. For more information, please visit **schools.nyc.gov/Offices/OSP/Accessibility**.

5.2 Accountability

The New York City Department of Education collects information about school practices and student outcomes, which can help identify each school's strengths and areas for improvement. This directory contains some of this information, which is listed on school pages and explained in more detail below. If you have questions about this section, please speak to your school's guidance counselor or visit **schools.nyc.gov/accountability**, where you can find detailed information on each school's performance in their School Quality Reports. Average performance data for schools in this district during the 2014-2015 school year can be found in section 6.0 "Specific Information for This District".

The school performance section contains the following for each school:

- **Course and Test Results:** The percentage of students who passed courses in the core subjects (English, math, social studies, and science), and the percentage of sixth, seventh, and eighth grade students who scored at Level 3 or 4 on the New York State English and Math tests.
- **Most Commonly Attended High Schools:** The NYC Department of Education high schools most commonly attended by last year's graduates of this school, and the percentage of graduates who attend each.
- **School Survey Results:** The percentage of students who feel safe in the hallways, bathrooms, locker room, and cafeteria as reported on the NYC School Survey.

5.3 Charter Schools

Charter schools are independent public schools founded by not-for-profit Boards of Trustees that operate under a contract or "charter" of up to five years. Many charter schools have unique educational approaches that may include longer school days, a longer school year, and/or thematic programs. Any student eligible for admission to a New York City public school is eligible for admission to a public charter school.

Please note that applying to a charter school does not guarantee placement. If the number of applicants exceeds the number of available seats at a charter school, the charter school must conduct a lottery to determine admissions. Interested students or families should contact each charter school directly to receive specific information about the school's application process.

If you are interested in applying to a NYC charter school, you can apply to a school directly (visit the charter school's website for details), or you can apply to multiple charter schools at once using the online Common Charter School Application, which can be found at: **www.nyccharterschools.org/apply**.

For a list of charter schools, please refer to the back of this directory. Visit **schools.nyc.gov/charters** or call 212-374-5419 for more information about charter schools in New York City. For information about specific charter schools, contact the schools directly.

5.4 Community Schools

Community Schools offer an integrated focus on academics, health and mental health services, youth development, expanded learning opportunities (inclusive of after-school and summer enrichment activities), and family and community supports to ensure that students are ready and able to learn, and graduate college and career ready. Each community school serves as a hub where parents and family members, community-based partners, community members, and school staff come together to coordinate and integrate a range of supports based on the assets and needs of individual students.

5.5 English Language Learners

English Language Learners (ELLs) may apply to any of the programs listed in this directory. All New York City Department of Education schools provide a range of supports and services for ELL students to develop their English proficiency and prepare them for success in school, college, and/or careers.

There are three different ELL service delivery models offered in New York City public middle schools:

Program	Definition
English as a New Language (ENL)	English as a New Language programs, which used to be called English as a Second Language or ESL, provide instruction in English with support in the students' home language so that they can learn to read, write, and speak English. Students in this program can come from many different language backgrounds, and English may be the only common language among them.
Transitional Bilingual Education (TBE)	Transitional Bilingual Education programs provide reading, writing, and other classes in English and in your child's home language. As students' English improves, time spent learning in English increases and time spent learning in the home language decreases. Once your child is no longer identified as an English Language Learner, he or she will exit the program.
Dual Language (DL)	In Dual Language programs, students are taught in two languages: English and their home language, such as Spanish, Chinese, or French, among others. The goal of this program is for students to be able to read, write, and speak in both English and their home language. In Dual Language classes, the home language and English are used equally.

This directory indicates which of the ELL service delivery models above are currently offered in each middle school, based on school reported data.

All middle schools must provide the ELL Parent Survey and Program Selection Form at the parent orientation meeting which is offered to all newly-identified ELLs. If you do not receive this form, please request it from the school. You may use the form to indicate your preferred ELL service delivery model, even if your middle school does not currently offer it. Middle schools will be identified for a Dual Language or Transitional Bilingual Education program when there are 20 or more ELLs with the same native language in any single grade whose parents/guardians request either Dual Language or Transitional Bilingual Education. In this way, parents can influence which ELL service delivery models are offered in their child's school.

For the most up-to-date information regarding ELL service delivery models, please contact schools directly. For more information about services and supports for English Language Learners (ELLs), please call 212-323-9559, email **ellfamilies@schools.nyc.gov**, or visit the Division of English Language Learners and Student Support website: **nyc.gov/schools/Academics/ELL**.

5.6 Special Education Services

Students with disabilities may apply to all schools and/or programs listed in this directory, including all Screened and Audition programs, and are subject to the same admissions requirements as their general education peers. If the student's IEP contains testing accommodations, those accommodations will be provided when the student tests or auditions as long as they do not change what the test is measuring.

Every middle school participating in Middle School Admissions is expected to welcome and serve students with disabilities in accordance with their IEPs. The IEP team at the middle school will review the IEP to ensure that all services and supports are in place. In some cases, the IEP team may need to refine the IEP to better meet student needs.

Middle school programs have a group of seats for students whose IEPs specify special education instructional programming for more than 20% of their academic program. Special education instructional programming includes Integrated Co-Teaching (ICT) classes, Special Class (SC), and Special Education Teacher Support Services (SETSS). Related Services, such as speech, occupational therapy (OT), and physical therapy (PT), are not considered special education instructional programming for the purposes of Middle School Admissions. Seats are used for admissions purposes only; all students with IEPs will receive the services listed on their IEPs.

Students with disabilities who are recommended for and who have attended a District 75 program and are considering a middle school outside of District 75 should work with their IEP team to determine whether the recommendation for District 75 for middle school is still appropriate. If the student's IEP team determines that the student no longer needs District 75, then the student participates in Middle School Admissions. Students whose IEPs recommend a District 75 program and whose IEP team determines that the student will continue in a District 75 program for middle school are not required to participate in Middle School Admissions. These students are notified of their middle school placement in May or June by their District 75 schools. For more information, visit **schools.nyc.gov/Academics/SpecialEducation**.

5.7 Student Transportation

The New York City Department of Education offers transportation to middle school students based on these criteria:

- Students in sixth grade are provided with free transportation if they live one mile or more from the school; if they live closer than that but more than ½ mile from the school, a half-fare MTA bus pass is available on request from their school. Free transportation is provided as either a yellow bus or a MetroCard. Students receive yellow busing if (i) their school has bus service, (ii) they live in the same school district as their school, and (iii) if a stop exists, or can be created. Stops cannot be created if they make the existing route longer than five miles, as measured through each stop to the school.
- Students in seventh grade and above are provided with MetroCards if they live 1½ miles or more from school. If they live closer than that but more than ½ mile from school, a half-fare MTA bus pass is available on request from their school.
- Students receiving special education services who are mandated to receive specialized transportation on their most recent IEP are placed on bus routes to and from the school they attend. In addition, parents may request additional medical accommodations based on their child's special needs which may also affect the type of vehicle or route on which the student is placed. For more information about transportation, call the Office of Pupil Transportation at 718-392-8855 or visit **schools.nyc.gov/offices/transportation**.

Notes

6.0 Specific Information for District 7

This district previously had a number of programs that screened students for admission. Beginning with September 2016 admission, most of these schools are using an unscreened admissions method. This means that the seats in the schools will be filled through a random selection process of the applicant pool. Please refer to the directory page for schools of interest for their specific admissions method.

What is the performance of a typical District 7 middle school?

87%	of students passed core classes
8%	of students were proficient on the State English Test
7%	of students were proficient on the State Math Test
84%	of students feel safe in the hallways, bathrooms, locker room, and cafeteria

Port Morris (P.S. / M.S. 5) | 07X005

Students love our small learning environment where teachers are able to give them individualized attention. They enjoy participating in community activities. Students also benefit from the use of our constantly expanding access to technology resources including interactive SMART Boards, computers, and laptops, as well as a new multimedia technology laboratory. In addition, they have the opportunity to learn to read music and play an instrument, as well as to participate in chorus and performing arts-related activities. Parents and guardians appreciate the instructional, cultural, and motivational programs that are the centerpieces of our students' middle school experiences and which also provide many leadership development opportunities.

The Melrose School (P.S. / M.S. 29) | 07X029

At the Melrose School, students are encouraged to reach towards challenging goals. We take pride in offering a world-class education and educational opportunities to our students. Technological resources such as computers, laptops, and interactive white boards in all classrooms are integral in the delivery of instruction and the development of students' skills. Through extracurricular opportunities, students' horizons are further broadened by trips to academic and cultural institutions and sporting events. At the Melrose School, parents value our sense of community, commitment, and collaboration. Our students wear uniforms and we incentivize positive behaviors through the Positive Behavior Intervention and Supports (PBIS) program. Our ultimate goal is to get our students into the best high schools in New York City that are extensions of the experiences that they were afforded at P.S. / M.S. 29.

Lou Gehrig Academy (J.H.S. 151) | 07X151

J.H.S. 151 offers unlimited possibilities and opportunities to all students as lifelong learners in a rapidly changing global, multicultural society in the 21st century. Our students are prepared for the challenges of the increasingly technological era, and they will apply their knowledge and skills beyond the walls of our school. Parents highly approve of our learning environment where students feel safe, respected, and deeply cared for, and where parents are welcomed as valuable partners in educating their children. They value our instructional program, as well as our after-school and Saturday programs. A small, diverse school community, J.H.S. 151's core work is centered on the interest of students through effective instruction that follows rigorous curricula with measurable outcomes. Collaborative effort among all constituencies and shared commitment to continuous improvement promote our students' social, physical, emotional, and intellectual development.

Lola Rodriguez de Tio (J.H.S. 162) | 07X162

I.S. 162 is an NYC Renewal school. Our motto is Student Success, Nothing Else. Students receive personalized learning experiences while enjoying high academic expectations. We offer pre-Regents high school preparation for English, math, and science. All of our students are scheduled for one or more periods of music, visual arts, digital arts, and/or dance (modern, hip-hop, and Latin). Our music and track and field programs have been recognized as outstanding. We offer English as a New Language and transitional bilingual (Spanish) classes. During after-school and Saturday Extended Learning Time, students receive academic services. In addition, our Extended Learning program has several components such as our Advisory Upstander program (against bullying), leadership, clubs, sports, homework assistance, and cultural trips all over New York City. Parents appreciate the community and culture which is part of the Lola Rodriguez de Tio experience. Students are expected to become achievers and lifelong learners.

South Bronx Preparatory: A College Board School | 07X221

We maintain a cohesive school community of families, teachers, and staff who support our core mission. Our students learn to think critically, communicate effectively, and to be open to new experiences and ideas as they become lifelong learners. The mission of South Bronx Preparatory is to facilitate learning so that all students can master a strong academic foundation. The South Bronx Preparatory community guides each student toward college readiness, higher education, and independence beginning in the sixth grade. We are a 6-12 secondary school.

The Laboratory School of Finance and Technology (M.S. 223) | 07X223

Students get excited for our technology program, featuring three computer labs, SMART Boards in all classrooms, trips to Google and New York's Silicon Alley, and a MOUSE Squad. All of our middle school students take Computer Science, allowing students to learn coding, robotics, web design, and many other programs. Parents love our innovative technology and finance programs where students are immersed in a schoolwide economy with School Bucks, financial courses, school jobs, a school bank, and a school store. The school has been featured in The New York Times, PBS, New York Daily News, Wall Street Journal, NY1 News, and the NY Post for its innovative programs. M.S. 223 is featured in Clara Hemphill's book *New York City's Best Public Middle Schools: A Parents' Guide*. All middle school students receive expanded day programming including academic support, arts, and athletics. We have a strong Spanish dual language program and most students remain in our high school program.

South Bronx Academy for Applied Media | 07X296

Students value that South Bronx Academy for Applied Media (SBAAM) provides many learning opportunities to prepare them for higher education, careers, and life. SBAAM provides a small, nurturing, and disciplined environment in which adults and children are meaningfully engaged in learning. Parents/guardians appreciate our emphasis on the success of the whole child, including students' academic and social development. Parents are given the opportunity to collaborate with staff to plan a variety of special events and activities for the benefit of our students. We also provide a variety of after-school programs.

CHAMPS Sports—Coed: Volleyball
Sports: Basketball, Cheerleading, Flag Rugby

Students like our technology department which contains two laboratories, wireless carts, and SMART Boards. Press Brief offers a supportive forum for students to present in front of the school. Our emphasis on public speaking allows students to gain confidence and self-esteem. Student-centered activities include student advisory boards and shared decision making. Class trips include Cirque du Soleil, Broadway shows, pro sports, and more. Though our school sets high expectations, the small class sizes enable small group and individualized instruction to meet the needs of our students. Our principal has an open door policy, holds monthly luncheons with parents, and facilitates a monthly parent hot topic series. Sixth grade students are invited to a middle school orientation. We offer a GPS program for over-age students, Saturday Academy for ELLs, and Regents preparation (science and algebra). Our remedial and enrichment programs improve student achievement.

Academy of Applied Mathematics & Technology | 07X343

M.S. 343 is a small school committed to providing a meaningful learning experience, focusing on technology to prepare students for the 21st century. Students enjoy the small learning environment which provides them with both individual and group experiences. They also benefit from block programming (75 minute periods) and looping philosophy (students have the same content teachers for all three years), which allows teachers to understand and support students' strengths and simultaneously address their needs. Additionally, technology is incorporated into all content areas, creating a hands-on approach that students benefit from. Students also enjoy our incentive trips, our extensive after-school program, and club choices. Parents appreciate our online grading system that is accessible anywhere and at any time via internet or text message to monitor their child's academic progress. We have a small and caring learning environment that caters to the individual needs of each student.

Hostos–Lincoln Academy of Science | 07X500

Hostos-Lincoln Academy of Science has access to college facilities and participates in many collaborative academic and cultural events. We have an extensive college awareness program where students visit colleges outside of the NYC metropolitan area. Hostos-Lincoln Academy of Science is a collaborative project with Hostos Community College and is supported by the City University of New York (CUNY). Our high expectations for all learners are reflected in our demanding and engaging curriculum.

Bronx Academy of Letters | 07X551

The Urban Assembly Bronx Academy of Letters was founded on a single idea: students who can express themselves clearly in writing can do better in any path they choose in life. In addition to the challenging academic work offered, we are also committed to providing learning opportunities outside of the classroom. Throughout the year, our students participate in rigorous inquiry-based high school prep curriculum, regular field trips to arts institutions, overnight trips to colleges and universities, enriching community-building activities, rigorous academic intervention services, and a comprehensive after-school program. During the summer, our student services team connects students to programs that allow them to experience the world around them, including study abroad, internships, and summer programming. We celebrate hard work, curiosity, self-expression, and service. Our graduates are articulate, critical readers and writers, who are fully prepared to maximize their learning and growth.

The James M. Kieran School (J.H.S. 123) | 08X123

Serving students and their families from the Bronx, the James M. Kieran School of Science, Technology, Engineering, Art, and Mathematics (STEAM) is the place for middle school students who are looking to be effective problem solvers and powerful communicators in a rapidly changing 21st century world. We believe students learn best when they are provided with real-world opportunities to learn by engaging in inquiry, research, and reflection through science, technology, engineering, art, and mathematics that are relevant to their lives. Students appreciate teachers immersing them in rigorous and engaging project-based curricula, while nurturing them to be empathetic, independent individuals capable of shaping their own futures. Students have the opportunity to build leadership through participation in sports teams, student government, and community service. We partner with outside organizations to provide extracurricular and academic support services.

Paul L. Dunbar Middle School (M.S. 301) | 08X301

Our approach to education is identified by creativity, collaboration, and community. Students engage in problem-based learning in math, hands-on activities in our state-of-the-art science lab, presenting and justifying claims in social studies, and using the Teacher's College Writers' Workshop in ELA. Our partnership with Lincoln Center exposes our students to the arts and gives our community access to Lincoln Center as well as free shows at our school by world renowned performers. We partner with Children's Aid Society to offer a comprehensive approach to education for the benefit of our students and their families. We will identify the strengths and needs of each student, extend school hours to expand learning time, work with our students to become more college and career ready, and engage families in the educational experience. We are also the recipient of a 21st Century Grant, which brings in multiple partners focused on science, healthy lifestyles, and character development.

The Hunts Point School | 08X424

The new Hunts Point Middle School is a school of extraordinary expectations. We foster and nurture an environment to support and maximize the exchange among teachers, students, and staff. Hunts Point Middle School is committed to providing young people with critical and adaptive thinking skills to strive for excellence in the college and career of their choice. Through rigorous and engaging curricula, we prepare our young people to become lifelong learners and productive citizens of the 21st Century. We welcome parents at our monthly Breakfast with the Principal and other school events and encourage them to be active partners and volunteers. As a Community School, we are partnered with ASPIRA, a national nonprofit organization devoted to the education and leadership development of Bronx youth. We also are continuing our partnership with Graham-Windham for after-school activities. We are committed to changing attitudes, changing directions, and changing lives.

Eagle Academy for Young Men | 09X231

The mission of The Eagle Academy For Young Men is to develop young men committed to the pursuit of academic excellence, strong character, and responsible leadership. We want our students to demonstrate Confidence, Leadership, Effort, Academic Excellence, and Resilience (CLEAR). Eagle believes that excellence in character and academic achievement can open doors. Our school embodies a strategic partnership among students, administrators, teachers, parents, mentors, and community supporters. Eagle prepares its students to join the ranks of future leaders in society, and students benefit from the learning opportunities provided by our partners; the One Hundred Black Men Inc. and the Eagle Academy Foundation. Students also enjoy our clubs and extracurricular programs, the family-like atmosphere of the school, and our mentoring program. Our parents appreciate the expertise and dedication of our educators and the opportunities their sons have to explore their interests and possible careers.

School of Leadership Development (I.S. 313) | 09X313

Our students like the security and stability of the School of Leadership Development. The relationships they build with teachers and staff are invaluable. Our students also enjoy being challenged academically and having many extracurricular activities. We invite our parents to become a part of their children's education by having an open door policy, as well as providing them with contacts to outside agencies that can assist them with social and emotional supports for their children and family.

Bronx Early College Academy | 09X324

Bronx Early College Academy (BECA) is an authorized International Baccalaureate World School since 2014. In addition to a rigorous academic experience, our students benefit from BECA's partnerships with world class institutions such as the American Museum of Natural History and the College Bound Initiative. BECA offers an array of extracurricular activities such as drama, PSAL, international trips, and community service opportunities. BECA has also been an iLearn school since 2010, offering online courses. Families appreciate our safe, welcoming environment and dedicated faculty.

Students love our small class sizes and the individualized support they receive in every class. All students have the opportunity to accelerate their progress through middle school and high school classes using our mastery-based course design and a variety of online learning options. Daily after-school support classes, in all subjects, help students understand course expectations, complete assignments, and practice necessary academic skills. Talent development courses in the art, music, dance, theater, and athletics allow students to explore non-academic interests throughout the school day. Regular group advisory sessions, after-school activities, and internships offer the chance for students to develop leadership skills, get to know their peers, explore careers, and have fun.

The Mosholu Parkway (J.H.S. 80) | 10X080

J.H.S 80 is centered on the belief that regardless of the student's background experiences, every student can learn and perform at optimal levels. We achieve communal excellence through the engagement and contributions of every member. We ensure that students feel physically and emotionally safe, as that is necessary for learning. We have an advisory curriculum based on social and emotional development, communication, and leadership taught by every teacher. Each teacher supports up to 15 students, while serving as the liaison to their families. This instructional model is learner-centered and its curriculum is designed around performance tasks. Our belief is that students learn best when they apply their understanding to culturally, personally, and immediately relevant tasks. Our teachers make explicit connections across content areas and engage students in interdisciplinary projects. All lessons have tiered tasks, which culminate with a performance task at the end of each unit.

Theatre Arts Production Company School (TAPCo) | 10X225

TAPCo is one of the first public STEAM (Science, Technology, Engineering, Arts, Math) schools in NYC. We provide a strong academic program and the opportunity for students to explore all of the arts. In high school, students can study dance, drama, or visual studies. Students and parents appreciate our family-like atmosphere, our many different activities, and our strong, supportive staff. TAPCo has two dance studios, a black box theater, a full-sized auditorium, a theater-scene shop, a video production studio, two chorus rooms, and an art room. We partner with the 92nd St.YMCA and Lincoln Center. Our college acceptance rate is 99% with over $1.5 million in student scholarships and grants. We communicate with families through our school website, morning announcements, student meetings with their staff agents, town hall meetings, an open door policy for the administration, and our parent association. TAPCo was cited as a hidden gem in *New York City's Best Public Middle Schools: A Parent's Guide*.

Bronx Dance Academy | 10X308

Bronx Dance Academy has clearly defined and measurable high expectations for academic and artistic achievement. We expect our students to be in school on time and to respect themselves, their classmates, all adults, the building, and the community in which our school is located. Students, parents, teachers, and staff create and reinforce a culture of achievement and support through a range of formal and informal rewards and recognition for academic performance and artistic excellence.

Academy for Personal Leadership and Excellence | 10X363

The Academy for Personal Leadership and Excellence (APLE) gives students opportunities to participate in community service learning projects, and uses technology such as SMART boards and iPads to showcase these projects. Students like our special programs and enrichment classes that encourage participation and teamwork. Parents like our school's commitment to developing leadership skills and social awareness through a Common Core Learning Standards-based academic program. Parents also like the individual attention students receive from teachers who help them create, monitor, and achieve academic goals. APLE promotes positive communication and engagement through our offering of educational workshops and various community including morning- and after-school programs, Saturday Academy, parent workshops, and assemblies. Our building houses a state-of-the-art dance room, fitness center, and newly renovated swimming pool. Our school playground is equipped with six basketball hoops and one full court.

M.S. 390 | 10X390

At M.S. 390, we offer a variety of exciting and engaging extracurricular activities which keep our students interested in school. Our school culture emphasizes student's social-emotional development and our students are empowered to independently make positive choices. We foster strong relationships with our families while maintaining consistent communication about our students' progress. Each class is fully equipped with high quality technology, we are also part of the Middle School Quality Initiative Model and Learning Partners Program. As of the 2015-2016 school year, we offer a dual language program in English and Spanish. Additionally, members of our school community are encouraged to participate in our evening adult and continuing education classes. We offer GED as well as English as a New Language classes. Our ideal student will be committed to three years of our dual language program and be available to attend our June orientation.

The Angelo Patri Middle School | 10X391

Students value the sense of family at our school. They know that every member of the school community is there to ensure that they are putting their best foot forward. Our students are taught the importance of striving for excellence in completing projects. We celebrate our students' accomplishments and provide them the opportunity to shine by sharing their success with their families and peers. Students use the RAMS Way (Respect, Accountability, Maturity, and Success) to promote their growth and development as learners and leaders. Our motto of college, career, and character drives our school. Our open door policy helps parents feel welcome, and our staff is accessible and available for conferences. Parents can monitor their child's academic progress through the use of our online grading system, PupilPath. Students enjoy a wide range of field trips, including Herkimer Diamond Mines, Medieval Times, and Broadway shows. Technology is integrated into content areas to support learning.

Leaders of Tomorrow | 11X370

At the Leaders of Tomorrow, we believe in knowing our students since each student learns differently. We believe students need the time to practice basic skills, benefit from opportunities to discuss content with their peers, learn when instruction is scaffolded, and take ownership of their learning when they are part of the decision-making process.

Fannie Lou Hamer Middle School | 12X286

Our mission is for our students to graduate knowing how to work effectively, think critically, and act compassionately. With the emphasis on Common Core Standards, students are able to justify mathematical arguments, design experiments, study historical artifacts, and analyze literature. Laptops and SMART Board technology are used to enhance learning. We are a small school with advisories of 15, and our staff works to meet the needs of every child. Students are paired with a caring adviser whom parents can call directly. We host town halls to celebrate grade-level and school-wide events. Our mediation program resolves conflicts peacefully and develops active listening and compassion. Children's Aid Society provides daily after-school programs. Free eye examinations and glasses are available from the Helen Keller Foundation for any student in need. Students have access to free outside counseling.

Entrada Academy | 12X384

Entrada Academy strives to continue to help students grow academically, socially, and emotionally. We assess students at the beginning of the school year to determine where students are, and work throughout the school year to develop skills and strategies that will help students prepare for high school, college, and beyond. We have a guidance team that works with students by providing them with opportunities to participate in individual and small group sessions. We believe all students have the potential to learn and we provide avenues through our PBIS program to recognize and highlight positive behavior and schoolwork.

New Explorations into Science, Technology and Math School | 01M539

New Explorations into Science, Technology, and Math (NEST+m) is a Citywide G&T K-12 school. Our academically rigorous program has made us one of the finest schools in the city. We are committed to developing each student's capacity for academic and intellectual achievement. We are committed to developing each student's capacity to learn both individually and collaboratively. We provide a range of services for students with disabilities including a full-inclusion program. NEST+m students blossom into practitioners: scientists, mathematicians, engineers, artists, writers, historians, musicians, painters, and linguists who approach their studies with passion and purpose.

The 47 American Sign Language and English Lower School | 02M347

The mission of P.S. 347 is to provide a joyful learning environment that celebrates the education, growth, and uniqueness of every student. An engaging and rigorous standards-based curriculum is offered in American Sign Language (ASL) and Standard English, and is supported in small classes that provide children the opportunity to achieve their personal best. Our staff is committed to inspiring and encouraging curiosity, empathy, and social awareness by developing higher-level thinking skills and exploring real world issues that extend into the community. By fostering a partnership with families, we support individual student goals to enable each child to become an independent and responsible lifelong learner, and prepare them for success in the journey to higher education. All Signs Point to Success!

Institute for Collaborative Education | 02M407

The Institute for Collaborative Education (I.C.E.) is a small, community-focused school where the needs and academic interests of our students come first. Teachers utilize a project-based curriculum that emphasizes student-centered inquiry, forming substantive arguments, written and oral presentations, and the active and ongoing exchange of ideas. At I.C.E. we encourage students to develop their own points of view and practice the intellectual disciplines of conducting formal research and defending complex academic arguments.

Professional Performing Arts School | 02M408

The Professional Performing Arts School (PPAS) partners with top rated New York City arts organizations to provide high quality training in the performing arts and a competitive academic program. In partnership with the theater company Waterwell, middle school students receive 90 minutes daily of acting, dance, and voice classes. Our curriculum provides students with the artistic and personal skills to be leaders in the field and in whatever profession they choose to pursue. PPAS middle school students are guaranteed a placement in one of the PPAS high school arts programs if they choose to stay. We provide a middle school experience that is well-rounded and considers every child's interests, learning styles, and needs. Students invited for an audition prepare one short monologue and one song to perform without music. Students do not need prior experience in order to apply.

The Anderson School (P.S. 334) | 03M334

The Anderson Middle School (AMS) provides a judicious combination of an accelerated and enriched curriculum for the distinct needs of gifted learners. Our upper grades are fully integrated within our highly successful K-8 school. With only two classes per grade, the relationship between students and teachers is personal and supportive. This smaller population fosters a strong sense of community. Guided by educators who recognize the needs of children with outstanding intellectual potential, we provide intimate, differentiated, and departmentalized instruction that encourages critical thinking, creative problem solving, divergent thinking, research, independent study, collaboration, and self-evaluation. Parental involvement and support sustains the spirit and growth of AMS. The Anderson School seeks a diverse student population, including ICT students, and welcomes applications from across the five boroughs. Please visit our website to review our admissions rubric before applying.

Special Music School | 03M859

The mission of the Special Music School is to teach musically gifted children through highly structured instrumental training and a standards-based academic program. The school prepares students for professional music careers while recognizing that not every student will choose such a career. The underlying philosophy of the Special Music School is the belief that music education for gifted pupils requires extensive opportunities to work one-to-one with an outstanding instrumental faculty, a structured and sequential music curriculum, opportunities to perform before audiences, and interaction between general academics and musical studies. Our goal is to see each child reach his or her academic and musical potential. Our vision is that all students will become lifelong learners and critical thinkers in our caring and respectful learning environment. We encourage parental involvement in all aspects of the school.

Talented and Gifted School for Young Scholars | 04M012

At the Talented and Gifted School for Young Scholars, faculty, parents, and students work together to prepare students to develop to their full potential. We seek to inspire inquiry, creativity, and achievement for all of our students. We teach compassion, integrity, and respect for all humanity and cultivate lifelong learning. Through this collaborative effort, we promote physical and emotional well-being and develop each student's individual interests and talents. We provide a strong education program in which all students develop critical and creative thinking skills and design meaningful educational experiences to promote academic and personal growth. Our professional and supportive staff is sensitive to the needs of each student, dedicated to providing a quality education, and has a genuine love of children. We engage in ongoing self-evaluation that ensures that we are effectively working to achieve our own goals and those of the Department of Education.

Brooklyn School of Inquiry | 20K686

We offer an arts-enriched school environment. We want our students to see themselves as mathematicians, so we foster deep comprehension of math concepts by helping our students acquire habits of mind: persisting, questioning, communicating with precision and clarity, thinking flexibly, listening with understanding/empathy, and thinking interdependently. BSI students read diverse content and their writing includes feature articles, informational texts, comic books, interviews, persuasive essays, literary analysis, and literary criticism. We teach our students to engage technology, to think critically about what they see, and to be thoughtful about how they use technology to express their thoughts and ideas. Parents play a crucial role in both the daily life and long-term growth of BSI. Through a vital home/school connection, we build a learning community based on respect and cooperation.

Mark Twain for the Gifted & Talented (I.S. 239) | 21K239

Students thrive in a community that blends academic rigor with visual and performing arts. Every student has a focus in one of our Talent programs: Art, Athletics, Computer Science STEM, Creative Writing/Journalism, Dance, Drama, Instrumental Music (String or Wind), Media, Science, and Vocal Music. Parents appreciate the personalized attention of our mini-school "cluster" system. Teachers and support staff have time in their weekly schedule to collaborate with parents and caregivers to provide the best academic and social/emotional development for each student. Almost all graduates go on to NYC's Specialized High Schools and select programs. We have building-wide Next Generation Wireless internet access and all students utilize iPads and interactive digital curriculum throughout their courses.

The 30th Avenue School (P.S./M.S. 300) | 30Q300

Those who are successful in modern workplaces know how to ask the right questions—they are critical thinkers and researchers, strong problem solvers, and reflective practitioners. Teachers facilitate learning by setting up the classroom for students to engage with inquiry-based activities. For example, sixth grade students work in groups to answer the question, "How can we design water filters that filter out harmful substances, are cost effective, and can be built in a classroom?" Students research effective water filters, sketch out designs, build these designs, test designs, and, finally, redesign. Q300 differentiates itself by challenging students to develop these inquiry skills in all core subjects, as well as in engineering, computer science, the arts, and Spanish. We encourage students who may be considered "twice exceptional" to apply for we have academic and social/emotional supports in place to effectively meet their needs.

HOW TO APPLY TO MARK TWAIN FOR THE GIFTED & TALENTED | 21K239

Mark Twain for the Gifted & Talented (I.S. 239) is a middle school open to all New York City residents. To be eligible to test for and apply to this school, applicants must submit a Request for Testing (RFT) form by October 14, 2016.

Public school students should return the form to their elementary school, and non-public school students should return the form to a Family Welcome Center. (See inside back cover for Family Welcome Center locations.)

On the RFT form, you will need to list the two talent areas (see below) for which you would like your child to participate in competitive talent exams.

Talent Area	Program Code	Talent Area	Program Code
Art	K239AR	Instrumental – Strings	K239ST
Athletics	K239AT	Instrumental – Winds	K239WI
Computer/Math	K239CM	Media	K239ME
Creative Writing/Journalism	K239JO	Science	K239SC
Dance	K239DA	Vocal Music	K239VO
Drama	K239DR		

If you submit an RFT form, you will see these two talent areas on your child's personalized middle school application. Remember–to be considered for placement, you must also rank Mark Twain programs on your application.

Eligible students will then receive notification of their test or audition, which will occur at Mark Twain on one of these dates. Additional test dates may be scheduled based on student applicant response.

HOW TO APPLY TO PROFESSIONAL PERFORMING ARTS SCHOOL | 02M408

Professional Performing Arts School (PPAS) is a citywide school serving grades 6-12. Eligible students are invited to audition for the PPAS middle school theatrical arts program which includes acting, singing, and dance instruction from professionals in these fields along with an accelerated academic program. Students will be considered for enrollment based on academic performance and audition. More information on the process is available on the school website ppasnyc.org.

To be considered for a PPAS audition, you must rank PPAS as one of your choices on the middle school application that you receive from your child's current elementary school. If your child is a non-public school student, you can get an application from a Family Welcome Center. All candidates must be residents of New York City at the time of application.

This is a list of New York City charter middle schools located in District 7 that are projected to offer sixth grade by the 2017-2018 school year. Please note that not all charter schools accept applications for new students in sixth grade. For current admissions information, please contact each school directly and learn more at **schools.nyc.gov/charters**.
