Progress Report Grade

# B

**What does this grade mean?**

Schools are assigned letter grades based on their overall Progress Report score. Monetary bonuses may be given to principals and teachers at high-scoring schools. Schools that get Ds and Fs, or 3 Cs in a row, may face consequences, including change in school leadership or school closure.

**How did this school perform?**

- This school's overall score for 2009-10 is 55.8
- This school did better than 70% of all Elementary schools citywide.

| Category | Calculated Score | Category Grade |
|---|---|---|
| School Environment | **3.8** out of 15 | D |
| Student Performance | **5.8** out of 25 | C |
| Student Progress | **41.2** out of 60 | A |
| Additional Credit | **5.0** (15 max) | |
| Overall Score | **55.8** out of 100 | B |

**How scores translate to grades:**

- Schools receive letter grades based on their overall score.
- Schools with an overall score between 40.7 - 58.4 receive a letter grade of B
- 34.8% of schools earned a B in 2009-10

**Elementary Table – Overall Grades**

| Grade | Score range | City summary |
|---|---|---|
| A | 58.5 or higher | 25.2% of schools |
| B | 40.7 - 58.4 | 34.8% of schools |
| C | 29.1 - 40.6 | 36% of schools |
| D | 19.1 - 29.0 | 3.7% of schools |
| F | 19.0 or lower | 0.3% of schools |

In light of changes in State tests and Progress Report methodology, schools cannot drop more than two letter grades from last year to this year. Further, schools with top quartile performance in ELA and Math cannot receive a grade lower than C.

### In This Report:

Each school's Progress Report (1) measures student year-to-year progress, (2) compares the school to peer schools and (3) rewards success in moving all children forward, especially children with the greatest needs. The Progress Report measures four areas:

**School Environment**

**Student Performance**
measures student skill levels in English Language Arts and Math.

**Student Progress**
measures median student improvement from last year to this year in English Language Arts and Math.

**Closing the Achievement Gap**
gives schools additional credit for exemplary gains among high-need students.

*The second page provides specific information about how*

# Additional Information

## Closing the Achievement Gap

Schools earn additional credit when their high-need students make exemplary gains. These gains are based on the percentage of high-need students who are in the 75th growth percentile or higher in English Language Arts or Math. Schools can also earn additional credit when their students with disabilities meet the goal of proficiency in English Language Arts or Math.

This component can only improve a school's Progress Report score. It cannot lower a school's score.

| Credit | Exemplary Proficiency Gains | Student Group |

## Peer Schools

Each school's performance is compared to the performance of schools in its peer group. Peer schools are those New York City public schools with a student population most like this school's population. Each school has up to 40 peer schools.

For Elementary and K-8 Schools, peer schools are determined based on the percentage of students at each school that are English Language Learners, students with disabilities, Black/Hispanic students and Title I eligible students. For Middle Schools, peer schools are determined based on the average ELA and Math proficiency levels of the school's students before they entered Middle School, and the school 's percentage of students with disabilities.

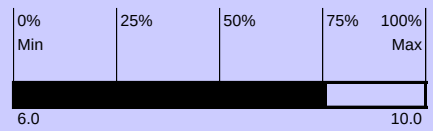
### HOW TO INTERPRET THIS CHART

A school is evaluated by asking how far its score in each category has moved along the range of scores for all schools. These charts show that movement as a percentage. In the example to the right, the school's score is 75% of the way from the lowest to the highest score in the City.

If a school performs at the top end of the range, the bar will be fully shaded. If a school performs at the low end of the range, the bar will not be shaded. If a school performs in the middle of the range, half the bar will be shaded

**Engagement 9.0** **75.0%**



In this example, the school's engagement score is 9.0. This is 75% of the way from the lowest engagement at any school (6.0) to the highest engagement (10.0).

Below, the green charts on the left compare the school to its peer group. The blue charts on the right compare the school to schools Citywide. Peer scores count three times as much as City scores. Peer and City ranges are based on the outcomes of schools from 2008-09 and 2009-10.
