Dear Members of the School Community,

This report tells you what parents, teachers and students said about learning conditions at your school in our annual survey. This information is designed to support a dialogue among all members of the school community on how to make the school a better place for learning.

Taking the time to reflect on how well we serve children is an important step in improving our schools. Special thanks to all parents, teachers, and students who filled out a survey this year, and to those who work year-round to improve student learning.

Joel I. Klein
Chancellor

What do the colors mean?

Green indicates high levels of parent, teacher, or student satisfaction compared to other schools. Red indicates low levels of satisfaction. In reviewing your school's results, you might look at how well the school performed in each survey category, how well the school did overall, where it has the greatest strength (green), and where it needs the most improvement (red).

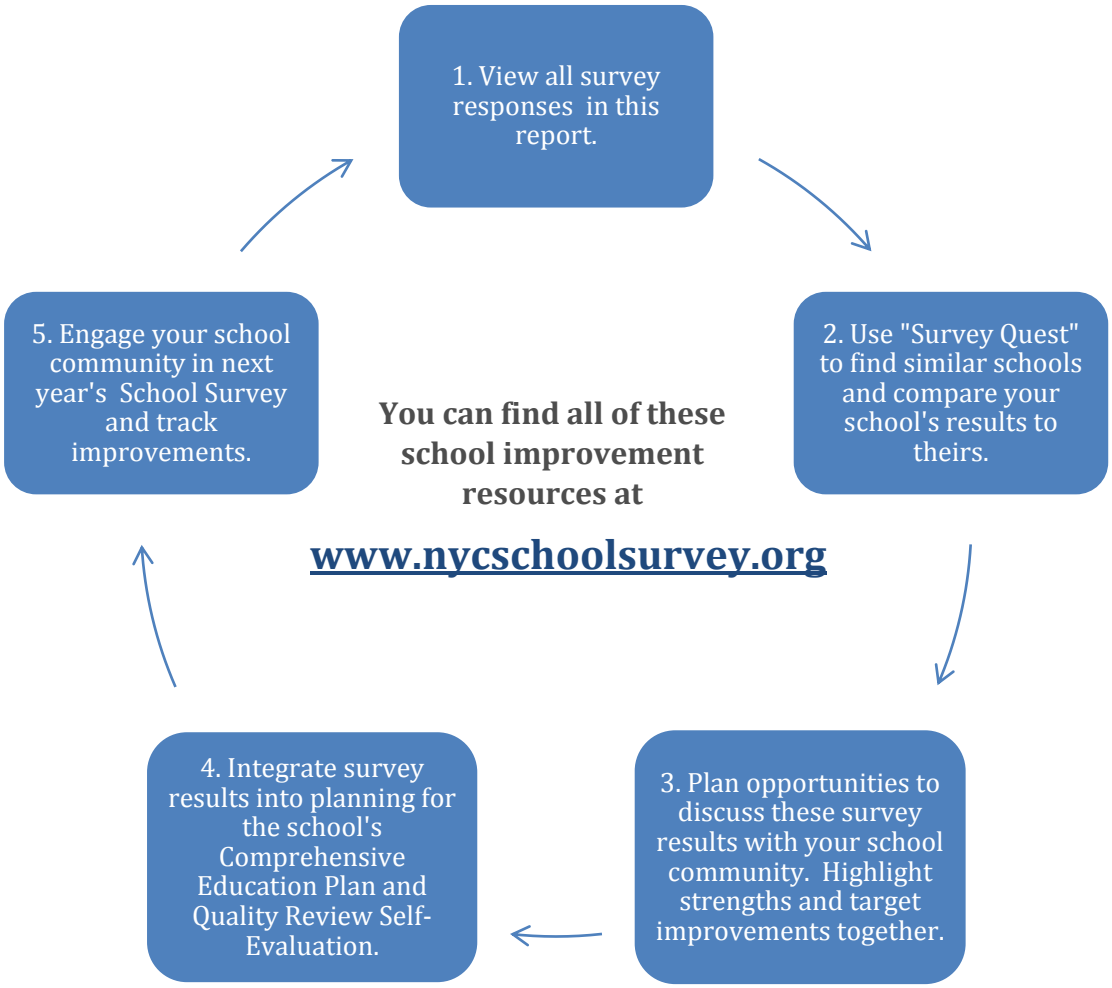
How can you use survey results to improve your school?

You and your school community can use resources created by the Department of Education and the steps listed below to apply survey results to improve the school.



1. **Survey Question-By-Question Results** provide details about how parents, teachers, and students at your school answered all of the survey questions, where your school earned the highest marks, and where your school most needs to improve.

2. **Survey Quest** allows you to compare your school to similar schools that may have performed higher on particular survey questions or groups of questions. Your school can reach out to school leaders at high-performing schools to learn what they have done to get strong results.

3. **The Survey Worksheet for School Leaders** helps schools set goals to improve response rates and increase parent, teacher, and student satisfaction. Communicating survey results to the school community, demonstrating changes made as a result of survey feedback, and setting goals with input from parents, teachers, and students is essential to improving learning conditions at schools.

4. The **Comprehensive School Education Plan (CEP)** and **Quality Review** are two opportunities for all members of the community to come together and examine school-wide improvement goals. In these and other planning activities, survey results provide useful information about conditions at schools that support learning and can help identify areas for improvement.

This report provides all survey questions and a summary of the responses that parents, teachers, and students at your school provided on the 2010 NYC School Survey.

Parent survey responses are listed first, followed by student and teacher responses. Questions are sorted by four categories: Academic Expectations, Communication, Engagement, and Safety and Respect.

Responses to each question are reported as percentages. The most common response to each question is displayed in bold print.

Scores for each question are reported as a number in parentheses between 0 and 10; the highest possible score for each question is 10.
