2013-2014

The School Quality Snapshot provides families with information about the quality of a school by taking a balanced look at the school's practices, environment, and performance. The report is based on multiple measures, including a review by an experienced educator, survey responses of students, teachers, and parents, and a variety of achievement and progress measures. The report also helps families identify what the school is doing well and areas for doing better.

This report, along with the High School Directory, can help families with the school admissions process by helping them identify which schools best meet the interests and needs of their child. The Snapshot also provides useful information to families about their child's current school so that families can have meaningful conversations with school leaders about how to make the school a better place to learn.

SCHOOL OVERVIEW (From Directory)

The Queens School of Inquiry is an early college school designed to prepare students to succeed in and complete college early. Our students have the opportunity to earn up to 62 tuition-free Queens College credits while still in high school. We help students develop academic skills in an environment that promotes inquiry-based learning and self-management. A close collaboration with Queens College, The City University of New York (CUNY), and the Bill & Melinda Gates Foundation, along with a dedicated faculty, enables us to promote college readiness and career awareness. We are a neighborhood school that emphasizes real-life applications of academic content in our effort to educate caring and ethical citizens.
