2013-2014

The School Quality Snapshot provides families with information about the quality of a school by taking a balanced look at the school's practices, environment, and performance. The report is based on multiple measures, including a review by an experienced educator, survey responses of students, teachers, and parents, and a variety of achievement and progress measures. The report also helps families identify what the school is doing well and areas for doing better.

This report, along with the Middle School Directory, can help families with the school admissions process by helping them identify which schools best meet the interests and needs of their child. The Snapshot also provides useful information to families about their child's current school so that families can have meaningful conversations with school leaders about how to make the school a better place to learn.

SCHOOL OVERVIEW (From Directory)

Our focus on academic success and curricular programming is paramount. We are a small school and offer classes of approximately 25 students where students can develop academically and socially. Our teaching staff is extremely caring and focused, and students have multiple opportunities to work through their academic challenges with effective guidance and support. Our staff is very accessible and professional. We are particularly encouraging and open to families, as evident in the number of siblings who attend both the middle and high school sections. We have a full-size pool, state-of-the-art computer room, and a new media center.
