2013-2014

The School Quality Snapshot provides families with information about the quality of a school by taking a balanced look at the school's practices, environment, and performance. The report is based on multiple measures, including a review by an experienced educator, survey responses of students, teachers, and parents, and a variety of achievement and progress measures. The report also helps families identify what the school is doing well and areas for doing better.

This report, along with the Middle School Directory, can help families with the school admissions process by helping them identify which schools best meet the interests and needs of their child. The Snapshot also provides useful information to families about their child's current school so that families can have meaningful conversations with school leaders about how to make the school a better place to learn.

SCHOOL OVERVIEW (From Directory)

Our mission at Renaissance Leadership Academy (RLA) is to welcome learners who have broad intellectual interests. Our focus is to offer an environment where our RLA scholars are encouraged to develop their wide spectrum of knowledge. Rather than narrowly specializing in one academic area therefore limiting their adolescent curiosity, RLA supports our scholars' intense desire to know and understand. At RLA we understand that our scholars' development and learning are inextricably linked. As a result, we provide them with an environment that promotes their overall adolescent development and demand academic excellence. Though we are a very small school, we offer our students an abundance of professional opportunities and experiences...

The Quality Review information displayed here reflects the most recent year that a Quality Review was conducted at this school. Some schools will not have Quality Review information if they opened within the last two years or if their most recent review took place prior to August 2010.
