NYC School Survey 2013-2014 Report

P.S. 219 Paul Klapper

Principal: Frederick Wright
School Type: Elementary / Middle School
School DBN: 25Q219

Dear Members of the School Community,

The NYC School Survey Report shares parent, student, and teacher responses to the NYC School Survey. In this year's report, survey questions are organized and reported as they relate to the three broad categories of the Quality Review Rubric [Instructional Core, School Culture, and Systems for Improvement]. This report does not replace the Quality Review, but rather, the use of familiar language should help school communities use feedback to support a dialogue around school improvement.

Taking the time to reflect on our school's strengths and areas for growth is an important step in improving the teaching and learning environment in our schools. Please share, discuss, and reflect upon your school's report and use the information as you plan together for the continued success of your school.

Carmen Fariña
Chancellor

What do the colors mean?

These colors indicate how survey satisfaction at this school compares to the satisfaction of other schools this year. Green indicates scores above the average, gray indicates average, and red indicates scores below the average.

This year, constituents generally reported high levels of satisfaction across the City. Therefore, it is possible to have positive survey responses and be below average compared to other schools. Readers should consider the survey responses in this report both on their own and in the context of responses from other schools.

Below Average | Average | Above Average

How do your school's responses in the following categories compare to other schools?

	% Satisfaction	Citywide Satisfaction Average for other schools

NYC Department of Education NYC School Survey 2013-2014	Your School's Question-By-Question Survey Results	**P.S. 219 Paul Klapper** Principal: Frederick Wright School DBN: 25Q219 Enrollment: 613 School Type: Elementary / Middle School

This report summarizes the responses that parents, students, and teachers at your school provided on the 2014 NYC School Survey.

Questions are sorted into four categories: Instructional Core, Systems for Improvement, School Culture, and questions that are reported for informational purposes only.[1] Within each category, parent survey responses are listed first followed by teacher and student responses.

Responses to each question are reported as percentages. The most common response to each question is displayed in bold print. The positive responses are reported as a percentage to the right of each question.
