School Overview

At the William C. Hughley School, we believe in providing a nurturing learning environment where students benefit from an academically rigorous curriculum rich in the Arts, Science, and Social Studies, as well as ELA and Math. On a daily basis, students are presented with clear objectives for learning, rigorous tasks, and opportunities to engage in accountable talk. We build our students' character by infusing service learning into our daily lessons and actions that teach them to solve real-life problems. They will participate in school and community projects that are positive and meaningful. By laying a solid foundation across content areas and by infusing the arts and character-building into the curriculum, it is our goal to prepare every scholar at our school to enter and graduate from a four-year college or university. ...
