School Overview

We offer a challenging, sequential, four-year pre-professional art program and an interdisciplinary academic curriculum within a close-knit school community. We offer two visual arts programs: one focuses on developing general knowledge, while the other prepares students to become professional graphic designers. Both programs emphasize skill-building, student creativity, interests, and community contributions. Our cultural partners provide learning experiences and additional resources for students and their families. Our small class size and project-based, student-centered curriculum provide individualized attention and prepare students for college and careers in the arts.
