INSIDE THIS REPORT

The Annual Arts in Schools Report is a tool for school leaders to understand their delivery of arts education to every child in their school. Each Annual Arts in Schools Report is based upon responses submitted by schools and provides valuable information about two areas:

Student Access to and Participation in Arts Education
Uses survey information to understand if students are meeting the New York State Instructional Requirements for the Arts as well as the experiences, resources and facilities used to support arts learning in each school. In addition, this section reports on questions asked in the Learning Environment Surveys about arts education.

Resources to Support Arts Education
Uses survey information to understand the resources that schools are allocating for arts education. This section includes information on certified arts teachers, arts and cultural organization services, space for arts learning, arts fundraising and professional development opportunities for teachers.

Dear School Community,

This report provides a view of the arts education opportunities you are providing for your students based on your responses to the Annual Arts Education Survey in May 2010 and includes information from the New York City Department of Education's databases.

The Annual Arts in Schools Report is an important part of the New York City Department of Education's effort to ensure that schools are providing students with the high-quality arts education they need and deserve. The report has been created to help school leaders, parents, and teachers understand how they can improve student learning in the arts, building on the Blueprint for Teaching and Learning in the Arts which provides detailed PreK-12 curricula aligned with State standards: http://schools.nyc.gov/offices/teachlearn/arts/blueprint.html.

New York State Requirements for Arts Education

At the elementary level, in grades 1-6, the New York State Education Department (NYSED) requires that students receive instruction in dance, music, theater and visual arts in every grade. In addition, NYSED recommends that students spend a specific allocation of hours learning in the arts.[i]

At the middle school level, in grades 7 and 8, the NYSED expects that students achieve, by the end of grade 8, one half-unit of study in visual arts and one half-unit of study in music. NYSED has allowed schools to offer any two of the art forms to meet the requirements.

At the high school level, the New York State Education Department requires that all students graduate having taken one unit or two credits in the arts (dance, music, theater and/or visual arts). High schools have the option of offering a three or five year sequence in any one of the four art forms. Students who complete five units in a single art form and successfully complete the exit exam in that art form are eligible to receive a Regents Endorsed Diploma with advanced designation in the arts.

Description of School's Arts Programs

This school has submitted the following description of its arts program:
The goals of the PS 165 Arts Programs are to provide children in Grades K-5 with high quality, sequential instruction while making connections to age and interest appropriate areas of learning, such as literacy, science, social studies and math. The dance program is the only program in New York City to provide a mentoring component, where students learn to plan, write, assess and implement lesson plans to younger students. Courses of study in dance include tap, flamenco, jazz, ballet, modern, swing, ballroom, and cultural dances. There is a strong parent connection in the dance program, as parents volunteer to choreograph performances. For the last five years, children from PS 165 have performed on stage at Carnegie Hall, and all children in grades 2 through 5 have an opportunity to either play at Carnegie Hall or be an audience member. There is a violin and cello program for fourth and fifth grade G & T students. The instrumental music program is a pull-out program where students receive semi-private instruction once per week with a specific instrument, and practice with the entire band once per week. All arts teachers at PS 165Q have very high standards and are proud to offer high quality arts to the students of PS 165Q.
