Dear School Community,

This report provides a view of the arts education opportunities you are providing for your students based on your responses to the *Annual Arts Education Survey* in May 2014 and includes information from the New York City Department of Education's databases.

The *Annual Arts in Schools Report* is an important part of the New York Department of Education's efforts to ensure that schools are providing students with high-quality arts education they need and deserve. The report has been created to help school leaders, parents, and teachers understand how they can improve student learning in the arts, building on the Blueprint for Teaching and Learning in the Arts which provides detailed PreK-12 curricula aligned with State standards: http://schools.nyc.gov/offices/teachlearn/arts/blueprint.html.

New York State Guidelines and Requirements for Arts Education

The New York State Education Department (NYSED) has specific guidelines and requirements for arts instruction.

At the elementary level, in grades PreK-6, students should receive instruction in dance, music, theater, and visual arts. In addition, NYSED recommends that students spend a specific allocation of hours learning in the arts.

At the middle school level, in grades 7 and 8, the NYSED expects that students achieve, by the end of grade 8 one half-unit in dance, music, theater, or visual arts, and second half-unit in a second arts discipline.

At the high school level, the NYSED requires that all students graduate having taken at least two credits in the arts (dance, music, theater, and/or visual arts).

School's Arts Program Description

This school has submitted the following description of its arts program:
This school year we added our kindergarten grade as we expand from a 6-8 school to a K-8 school. We are adding one grade at a time. We added an "F" status music teacher this school year who taught the five kindergarten grades with lots of appropriate musical instruments and rotated the upper grades half a year with the visual arts teacher. The upper grades had the opportunity to learn the guitar as we are looking forward to starting a band program. Next school year we will have grade K-1 and 6-8; if funding allows, we are looking to create a rock band with the upper grades and to offer the K-1 students the music program as well. We are planning on having the 7-8 graders choose among the arts (music and visiual) and technology, and the 6th graders get an opportunity to experience all the encore subjects. We would like for the 7th and 8th graders to specialized and hone in on one of the arts to really build their skills and prepare them for high school.
