Dear School Community,

This report provides a view of the arts education opportunities you are providing for your students based on your responses to the *Annual Arts Education Survey* in May 2014 and includes information from the New York City Department of Education's databases.

The *Annual Arts in Schools Report* is an important part of the New York Department of Education's efforts to ensure that schools are providing students with high-quality arts education they need and deserve. The report has been created to help school leaders, parents, and teachers understand how they can improve student learning in the arts, building on the Blueprint for Teaching and Learning in the Arts which provides detailed PreK-12 curricula aligned with State standards: http://schools.nyc.gov/offices/teachlearn/arts/blueprint.html.

New York State Guidelines and Requirements for Arts Education

The New York State Education Department (NYSED) has specific guidelines and requirements for arts instruction.

At the elementary level, in grades PreK-6, students should receive instruction in dance, music, theater, and visual arts. In addition, NYSED recommends that students spend a specific allocation of hours learning in the arts.

At the middle school level, in grades 7 and 8, the NYSED expects that students achieve, by the end of grade 8 one half-unit in dance, music, theater, or visual arts, and second half-unit in a second arts discipline.

At the high school level, the NYSED requires that all students graduate having taken at least two credits in the arts (dance, music, theater, and/or visual arts).

School's Arts Program Description

This school has submitted the following description of its arts program:
At P.S. 345 we take great pride in our visual arts program which continues to provide our students with rich Common Core aligned instruction. This year we have also implemented a Music Program for our students in grades pre-kindergarten through grade one. Our Concert Band program supports the development of musical talent in our third, fourth and fifth grade students, and builds their self-esteem while providing them with opportunities to participate in concert performances. This school year we are thrilled to have multiple residency programs for our students in grades one through four. The residencies which take place both during the school day, as well as after school hours, include Disney Theatrical, Inside Broadway, LEAP and Making Books Sing. With the addition of the Inside Broadway Residency we have attained our goal of creating a Theater Club for students in grades three and four. These programs truly enrich the lives of our students and enhance our school community.
