Dear School Community,

This report provides a view of the arts education opportunities you are providing for your students based on your responses to the *Annual Arts Education Survey* in May 2014 and includes information from the New York City Department of Education's databases.

The *Annual Arts in Schools Report* is an important part of the New York Department of Education's efforts to ensure that schools are providing students with high-quality arts education they need and deserve. The report has been created to help school leaders, parents, and teachers understand how they can improve student learning in the arts, building on the Blueprint for Teaching and Learning in the Arts which provides detailed PreK-12 curricula aligned with State standards: http://schools.nyc.gov/offices/teachlearn/arts/blueprint.html.

New York State Guidelines and Requirements for Arts Education

The New York State Education Department (NYSED) has specific guidelines and requirements for arts instruction.

At the elementary level, in grades PreK-6, students should receive instruction in dance, music, theater, and visual arts. In addition, NYSED recommends that students spend a specific allocation of hours learning in the arts.

At the middle school level, in grades 7 and 8, the NYSED expects that students achieve, by the end of grade 8 one half-unit in dance, music, theater, or visual arts, and second half-unit in a second arts discipline.

At the high school level, the NYSED requires that all students graduate having taken at least two credits in the arts (dance, music, theater, and/or visual arts).

School's Arts Program Description

This school has submitted the following description of its arts program:
The formula used to schedule subnets in our school does not allow for the arts to be fully integrated into the classroom. There are only two arts teachers and two periods when it's possible to have the arts taught. Classes are taught by Grade Level, so one arts teacher can have as many as four classes at the same time, although there may be paraprofessionals coming with the group. The grades that were fortunate to have music or dance this year were the K's, Grades 1,2,3,4, and 5, but not all the students received classes. We did prepare auditorium performances during the fall, winter and spring. Our biggest problem is lack of personnel and financing of the whole arts program. It is hoped in the new school year to rectify these two major areas.
