Dear School Community,

This report provides a view of the arts education opportunities you are providing for your students based on your responses to the *Annual Arts Education Survey* in May 2014 and includes information from the New York City Department of Education's databases.

The *Annual Arts in Schools Report* is an important part of the New York Department of Education's efforts to ensure that schools are providing students with high-quality arts education they need and deserve. The report has been created to help school leaders, parents, and teachers understand how they can improve student learning in the arts, building on the Blueprint for Teaching and Learning in the Arts which provides detailed PreK-12 curricula aligned with State standards: http://schools.nyc.gov/offices/teachlearn/arts/blueprint.html.

### New York State Guidelines and Requirements for Arts Education

The New York State Education Department (NYSED) has specific guidelines and requirements for arts instruction.

At the elementary level, in grades PreK-6, students should receive instruction in dance, music, theater, and visual arts. In addition, NYSED recommends that students spend a specific allocation of hours learning in the arts.

At the middle school level, in grades 7 and 8, the NYSED expects that students achieve, by the end of grade 8 one half-unit in dance, music, theater, or visual arts, and second half-unit in a second arts discipline.

At the high school level, the NYSED requires that all students graduate having taken at least two credits in the arts (dance, music, theater, and/or visual arts).

## School's Arts Program Description

**This school has submitted the following description of its arts program:**
Learning Through Art (LTA) is an artist residency program which cultivates students' 21st Century learning skills (creativity, innovation, critical thinking, problem solving, collaboration and communication), by designing sustained, process-oriented art projects that support learning across the curriculum. The program sends experienced teaching artists into New York City public schools, where they collaborate with classroom teachers to develop and facilitate art projects integrated with the school curriculum. During the 20 week in-school residencies, participating students examine, discuss, and create works of art. Additionally, students participate in three visits to the Guggenheim Museum throughout the course of the residency. These visits support the residencies, as students are immersed in an environment rich with the works of world famous artists where they will engage in art inquiry, offering new insights into art and challenging students to think critically about art and ideas.
