Dear School Community,

This report provides a view of the arts education opportunities you are providing for your students based on your responses to the *Annual Arts Education Survey* in May 2014 and includes information from the New York City Department of Education's databases.

The *Annual Arts in Schools Report* is an important part of the New York Department of Education's efforts to ensure that schools are providing students with high-quality arts education they need and deserve. The report has been created to help school leaders, parents, and teachers understand how they can improve student learning in the arts, building on the Blueprint for Teaching and Learning in the Arts which provides detailed PreK-12 curricula aligned with State standards: http://schools.nyc.gov/offices/teachlearn/arts/blueprint.html.

New York State Guidelines and Requirements for Arts Education

The New York State Education Department (NYSED) has specific guidelines and requirements for arts instruction.

At the elementary level, in grades PreK-6, students should receive instruction in dance, music, theater, and visual arts. In addition, NYSED recommends that students spend a specific allocation of hours learning in the arts.

At the middle school level, in grades 7 and 8, the NYSED expects that students achieve, by the end of grade 8 one half-unit in dance, music, theater, or visual arts, and second half-unit in a second arts discipline.

At the high school level, the NYSED requires that all students graduate having taken at least two credits in the arts (dance, music, theater, and/or visual arts).

School's Arts Program Description

This school has submitted the following description of its arts program:
At P.S. 160 all students are engaged in a diverse set of experiences in the arts. Students create and conduct their own investigations, analyze data and draw conclusions. Culminating activities mirror productions in theater, dance, architecture, engineering and music. The students are given many opportunities to showcase their artistic talents. Ongoing relationships with skilled artists and musicians enable students to become artistic and independent critical thinkers. The Magnet Program, through collaborations with organizations such as the Turtle Bay Music School, Dancing Classrooms, Midori, Alvin Ailey's Arts in Education and Community Programs, taps the rich resources in New York City to bring in-depth experiences that are not available elsewhere. Arts instruction at P.S. 160 is delivered through discrete classes conducted by musicians, dancers and licensed teachers who are specialists in the arts. At the same time, the arts are integrated into thematic units across the curriculum.
