Dear School Community,

This report provides a view of the arts education opportunities you are providing for your students based on your responses to the *Annual Arts Education Survey* in May 2014 and includes information from the New York City Department of Education's databases.

The *Annual Arts in Schools Report* is an important part of the New York Department of Education's efforts to ensure that schools are providing students with high-quality arts education they need and deserve. The report has been created to help school leaders, parents, and teachers understand how they can improve student learning in the arts, building on the Blueprint for Teaching and Learning in the Arts which provides detailed PreK-12 curricula aligned with State standards: http://schools.nyc.gov/offices/teachlearn/arts/blueprint.html.

New York State Guidelines and Requirements for Arts Education

The New York State Education Department (NYSED) has specific guidelines and requirements for arts instruction.

At the elementary level, in grades PreK-6, students should receive instruction in dance, music, theater, and visual arts. In addition, NYSED recommends that students spend a specific allocation of hours learning in the arts.

At the middle school level, in grades 7 and 8, the NYSED expects that students achieve, by the end of grade 8 one half-unit in dance, music, theater, or visual arts, and second half-unit in a second arts discipline.

At the high school level, the NYSED requires that all students graduate having taken at least two credits in the arts (dance, music, theater, and/or visual arts).

School's Arts Program Description

This school has submitted the following description of its arts program:
By 6/14,100% of students will receive and engage in a comprehensive art, music, dance and/or dramatic performance education and will demonstrate common core standards skills as measured by the NYC Blueprint for the Arts. This includes visual art and/or performance arts. K-8 schedules in rotation blocks allow students to receive this education. Students will incorporate learning into stage and school performances for parents/community. Intermediate students will be programmed into a track of art, band, chorus/drama dependent upon interest/talent. To supplement in house performing arts instruction, we formed a partnership with the S.I.Ballet where students have the opportunity to participate in a dance residency. As a culmination all students will display their talents through various performances and/or art exhibits, which will be documented and assessed and will be open to family/community partners.
