Dear School Community,

This report provides a view of the arts education opportunities you are providing for your students based on your responses to the *Annual Arts Education Survey* in May 2014 and includes information from the New York City Department of Education's databases.

The *Annual Arts in Schools Report* is an important part of the New York Department of Education's efforts to ensure that schools are providing students with high-quality arts education they need and deserve. The report has been created to help school leaders, parents, and teachers understand how they can improve student learning in the arts, building on the Blueprint for Teaching and Learning in the Arts which provides detailed PreK-12 curricula aligned with State standards: http://schools.nyc.gov/offices/teachlearn/arts/blueprint.html.

New York State Guidelines and Requirements for Arts Education

The New York State Education Department (NYSED) has specific guidelines and requirements for arts instruction.

At the elementary level, in grades PreK-6, students should receive instruction in dance, music, theater, and visual arts. In addition, NYSED recommends that students spend a specific allocation of hours learning in the arts.

At the middle school level, in grades 7 and 8, the NYSED expects that students achieve, by the end of grade 8 one half-unit in dance, music, theater, or visual arts, and second half-unit in a second arts discipline.

At the high school level, the NYSED requires that all students graduate having taken at least two credits in the arts (dance, music, theater, and/or visual arts).

School's Arts Program Description

This school has submitted the following description of its arts program:
The P.S. 86 objective in the arts is to establish a lifelong commitment by "living the arts". Through the integration of the Blueprint for the Arts, and the Common Core Standards, teachers and teaching artists develop layers of ablities enabling students to build technical, problem-solving and critical thinking skills which segue into creative confident citizens. During the academic year, the P.S. 86 arts programs go beyond the classroom through a comprehensive use of field trips, residencies and workshop/tours to world-class art institutions. Having participated in "Learning Through the Arts," 86 is considered a "Guggenheim School". P.S. 86, a control school in the Metis Associates' research project, has completed the "Arts Achieve: Impacting Student Success in the Arts" time frame. The arts survey reflects a continuous effort to achieve quality instruction in the domains of music, visual arts, theater and dance for each student in our school and the global community.
