Dear School Community,

This report provides a view of the arts education opportunities you are providing for your students based on your responses to the *Annual Arts Education Survey* in May 2015 and includes information from the New York City Department of Education's databases.

The *Annual Arts in Schools Report* is an important part of the New York Department of Education's efforts to ensure that schools are providing students with high-quality arts education they need and deserve. The report has been created to help school leaders, parents, and teachers understand how they can improve student learning in the arts, building on the Blueprint for Teaching and Learning in the Arts which provides detailed PreK-12 curricula aligned with State standards: http://schools.nyc.gov/offices/teachlearn/arts/blueprint.html.

New York State Guidelines and Requirements for Arts Education

The New York State Education Department (NYSED) has specific guidelines and requirements for arts instruction.

At the elementary level, in grades PreK-6, students should receive instruction in dance, music, theater, and visual arts. In addition, NYSED recommends that students spend a specific allocation of hours learning in the arts.

At the middle school level, in grades 7 and 8, the NYSED expects that students achieve, by the end of grade 8 one half-unit in dance, music, theater, or visual arts, and second half-unit in a second arts discipline.

At the high school level, the NYSED requires that all students graduate having taken at least two credits in the arts (dance, music, theater, and/or visual arts).

School's Arts Program Description

This school has submitted the following description of its arts program:
At P.S. 114. we are proud to say that the learning extends far beyond the borders of the classroom. P.S.114X envisions providing the students, parents and staff with opportunities to participate in drama, music, art and cultural activities that are age and grade appropriate. We hope to continue getting the services of outside professional artists who will conduct hands-on class workshops and on stage performances for the students. We envision having celebrations in which the community is invited, showing the visual and performing arts, such as stage performances and arts fairs. The students can display their creativity through video, computer, musical and artistic displays. We would like to encourage and bring out the talent within our students while providing a foundation and love for the arts. PS114x believes that every student has a talent and we as educators have the responsibility to bring out these talents and develop them. The arts is a universal language and all students: English language learners, students with special needs and main stream learners speak and understand the language of the arts.

Notes

- The Annual Arts in Schools Report is based on schools' responses to the 2014-2015 NYCDOE Annual Arts Education Survey as well as from NYCDOE databases.
- Data on arts instruction provided by school-based teachers to students in Kindergarten through sixth grade were retrieved from the NYCDOE Scheduling, Transcripts, and Academic Reporting System (STARS) database.
- Data on sixth through twelfth grade students participating in arts classes; high school sequences; the NYSED middle school arts requirement; and the NYSED high school arts requirements were retrieved from the NYCDOE STARS database.
- Full-time certified teacher data were retrieved from the NYCDOE Division of Human Resources.
- All data are based on arts instruction offered during the school day. This Annual Arts in Schools Report does not report on after school, weekend, and summer arts education.
- Throughout this report, a blank field represents "none" or no data provided.

Definitions

- "Pull-out" programs refer to those school day instructional activities that are scheduled for groupings of students across a grade or grades and not by official class.
- An Individualized Education Plan (IEP) describes the special education and related services specifically designed to meet the unique educational needs of a student with a disability. An IEP is the guiding document for a student's educational program. It includes all of the goals, objectives, present levels of performance and related services that are recommended for the student.
