SCHOOL ALLOCATION MEMORANDUM NO. 26, FY14

DATE: **May 24, 2013**

TO: **Community Superintendents**
High School Superintendents
Children First Networks
School Principals

FROM: **Michael Tragale, Chief Financial Officer**

SUBJECT: **Federal Title IIA Supplemental**

Prior to FY08, Federal Title IIA funds were lumped with New York State funds designated specifically for class size reduction. However, in FY08 New York State no longer restricted these funds to be used for this purpose. Although no longer required to do so by New York State, the department chose to continue EGCSR Title IIA in order to minimize disruptions to schools during a year in which both a new school allocation method – Fair Student Funding -- and the new State-mandated Contract for Excellence program were implemented for the first time. Final school allocations will be subject to final New York State Education Department allocations to Local Education Agencies and Congressional authorization.

In FY11, Early Grade Class Size Reduction was split into two separate allocation categories. The allocation category Early Grade Class Size Reduction (EGCSR-State) was renamed "School Support Supplement and federal funds previously included in EGCSR-Title IIA were labeled "Title IIA Supplemental". As in FY 2012 and 2013, all schools that traditionally received these funds had a *combination* of School Support Supplement and Title IIA Supplemental funding, in order to promote operational flexibility and equity in budget adjustment calculations (see SAM 1 *Fair Student Funding*) across schools. All schools received an allocation consisting of approximately 60% School Support Supplement and 40% Title IIA Supplemental funding.

As part of the Budget Control Act of 2011, federal sequestration cuts for schools take effect starting in school year 2013-2014. The net effect for New York City for Title II Part A appropriation is projected to be cut by approximately 5% from the previous year's allocation at the federal level. This is a preliminary cut projection and is subject to change once the NYSED releases its allocations to the school districts within the state.

For two consecutive years Title II Part A federal funds have been reduced, and the impact to schools this year has resulted in an overall reduction of 6.70%. In order to restore services, resources have been identified to backfill these reductions. Fringe benefits will be included in personnel costs.

No Child Left Behind (NCLB) Federal Title IIA funds are provided to support the reduction of class size in many of our schools. In addition to targeting grades K-3 in schools in need of improvement, the following criteria are taken into consideration when determining School Support Supplement (EGCSR) Federal allocations to specific schools:

- Comparative academic needs of specific schools eligible for this funding;
- Overall projected enrollment in eligible grades; and
- Capacity utilization of specific schools eligible for this funding.

The Title IIA Supplemental allocations give priority to schools where classes are in excess of 20 pupils and academic performance is poor.

Program requirements for the federal funding are as follows:

- The first priority is to use funds to reduce class size in a grade. If space is not available to form additional classes, funds may support push-in teachers to supplement the instructional program. Priority must be given to reducing class size in general education settings.
- Each full (1.0) classroom position generates a 0.2 cluster position. For example, two classroom teachers generate 0.4 cluster positions. These cluster teachers must be the individuals who actually provide coverage for the staff funded by this program.
- Push-in teachers do not require preparation period coverage and no cluster positions may be scheduled for push-in teachers.

Please note that all teachers funded by Federal Title IIA Supplemental must meet the No Child Left Behind definition of highly qualified. Principals have received printouts from the Division of Human Resources detailing the status of their current staff. Allocations provide teacher positions at the school's average teacher salary. Schools will be required to budget all teacher positions at their average salary.

Guidelines for Calculating Class Size Reduction

Classes created through the Federal Title IIA Supplemental program may not include classes that would have been organized absent the program. The overall total of teachers must be greater than the number of teachers required by the contract. For example, a school with a grade 1 enrollment of 60 students, under the UFT Collective Bargaining Agreement, would be required to organize two classes. If the school funds only two grade 1 teachers, no Title IIA Supplemental funds may be used. The school could fund a third classroom or fund a push-in teacher for the two contractually required classes. Note that contractual class sizes limits are: K=25 and grades 1 through 3 = 32.

There are many situations that could result in different class formations, such as organizing bilingual classes or inclusion classes. The goal is to maximize services to students while meeting federal requirements.

As evidence of compliance with funding source guidelines, schools must make the following documentation available if requested:

- list of staff funded by the program
- class rosters for all classes on the grade
- evidence funded teachers meet the No Child Left Behind definition of highly qualified

NOTE: No Child Left Behind (NCLB) Federal Title IIA funds are provided to increase student's academic achievement by improving the quality of teachers and principals. The program can be carried out in multiple ways including: increasing the number of highly qualified teachers in classrooms (*i.e.,* class-size reduction); increasing the number of high quality assistant principals; and increasing teacher and principal effectiveness. It is the expectation that schools will continue to prioritize use of Title IIA funds to reduce class size and pupil teacher ratio. In cases where this is not feasible, schools should consult with their CFN team for additional guidance and consideration regarding allowable uses of Title IIA funds.

All federal funding issued in FY14 is preliminary and subject to possible change during the year. Final allocations will be subject to final NYSED allocations to LEAs and final Congressional Authorization.

The allotment has been placed in the following allocation categories:

Title IIA Supplemental
Sequester/2010 Census Title IIA
