

# Gifted&Talented

## Program Handbook

2012-2013

# Important Dates

## For the 2012-2013 Admissions Process

November 9, 2012	Deadline to submit Request for Testing (RFT) forms
October 15 – November 9, 2012	Community Information Sessions For dates and locations, please call 718-935-2009 or visit <a href="http://www.nyc.gov/schools/gt">www.nyc.gov/schools/gt</a>
January 7 – February 8, 2013	<b>Current K-2 Public School Students</b> G&T assessments administered at school sites
January 5, 6, 12, 13, 19, 20, 26, 27; February 2 & 3, 2013	<b>Current DOE Pre-K Students and Non-public School Students</b> G&T assessments administered at selected sites
April 2013	Score reports and applications with available G&T programs communicated to eligible students
April 19, 2013	Applications due
Week of May 20, 2013	Placement offers communicated to families
Week of June 3, 2013	Deadline for families to accept/decline placement offers

## Enrollment Office Locations

Offices are open from 8:00am – 3:00pm, Monday-Friday

<b>Bronx</b>	1 Fordham Plaza, 7th Floor Bronx, NY 10458	<b>Manhattan</b>	333 Seventh Avenue, 12th Floor New York, NY 10001
	1230 Zerega Avenue Bronx, NY 10462		388 West 125th Street, 7th Floor New York, NY 10027
<b>Brooklyn</b>	1780 Ocean Avenue Brooklyn, NY 11230	<b>Queens</b>	28-11 Queens Plaza North Long Island City, NY 11101
	415 89th Street Brooklyn, NY 11209		30-48 Linden Place Flushing, NY 11354
	29 Fort Greene Place Brooklyn, NY 11217		90-27 Sutphin Boulevard Jamaica, NY 11435
	1665 St. Mark's Avenue Brooklyn, NY 11233	<b>Staten Island</b>	715 Ocean Terrace, Building A Staten Island, NY 10301

# Request for Testing Information

If you are interested in having your child take the New York City public school Gifted & Talented (G&T) program assessment, you must complete a Request for Testing (RFT) form and submit it in one of the following two ways:

**Remember!**  
Save your receipt whether you're applying online, at a school, or at an Enrollment Office.

**Online:** The online RFT form is available at [www.nyc.gov/schools/ChoicesEnrollment/applyonline](http://www.nyc.gov/schools/ChoicesEnrollment/applyonline). If you apply online, you will receive confirmation receipt by email after your RFT has been submitted. Please save or print the receipt for your records. If you do not have access to a computer at home and wish to complete an online RFT, you can visit a New York City Public Library location. Call 311 to find a library in your area.

**In-Person:** If you are unable to submit the online form, you should complete the enclosed paper copy of the RFT form. Public school families must submit the form to their school; private school families must submit the form to their local Enrollment Office (see below). Please ask for a receipt from your school or the Enrollment Office after you submit the form.

RFT forms submitted by mail will not be accepted. You must submit one RFT form per child registering to take the G&T assessment.

**Enrollment Office** locations are listed below. If you have questions about the Enrollment Offices, please call 718-935-2009.

<b>Bronx</b>	1 Fordham Plaza, 7th Floor Bronx, NY 10458	<b>Manhattan</b>	333 Seventh Avenue, 12th Floor New York, NY 10001
	1230 Zerega Avenue Bronx, NY 10462		388 West 125th Street, 7th Floor New York, NY 10027
<b>Brooklyn</b>	1780 Ocean Avenue Brooklyn, NY 11230	<b>Queens</b>	28-11 Queens Plaza North Long Island City, NY 11101
	415 89th Street Brooklyn, NY 11209		30-48 Linden Place Flushing, NY 11354
	29 Fort Greene Place Brooklyn, NY 11217		90-27 Sutphin Boulevard Jamaica, NY 11435
	1665 St. Mark's Avenue Brooklyn, NY 11233	<b>Staten Island</b>	715 Ocean Terrace, Building A Staten Island, NY 10301

**Students will be tested only if an RFT form is submitted by the deadline: November 9, 2012.**

Be sure to keep your receipt; if your RFT is not received, you will need to provide proof that it was submitted on time in order to be included in the testing process.

## RFT for Students Already Enrolled in a G&T Program

Students already enrolled in a G&T program do not need to be retested to remain in their current program. However, parents of current district G&T students may fill out a Request for Testing (RFT) form for their child to retest and be considered for placement at a Citywide G&T program. If a parent requests their district G&T student be tested for one of the Citywide G&T programs and the student is found to be ineligible for the Citywide G&T programs, this retest score will have no impact on the student's status in his/her current district G&T program, and the student may remain in that program.

Students currently in district G&T programs are not eligible to apply to other district programs. Students currently attending Citywide G&T programs are not eligible to test for an alternative placement. Families seeking to transfer should file a Placement Exception Request (PER) as outlined on page 8.

# Assessment Scheduling Information

New York City public school students currently in grades K-2	January 7 – February 8, 2013
Current DOE pre-k students; Non-public school children currently living in New York City	January 5, 6, 12, 13, 19, 20, 26, 27; February 2 & 3, 2013

**Note:** Schools are closed on January 21, 2013 for Martin Luther King, Jr. Day.

## Notification of Test Dates

**For Pre-K Families and Non-Public School Students:** All testing for pre-kindergarten and non-public school students will take place at one of the central weekend locations. Parents who submit an online request to have their pre-kindergarten or non-public school student tested will be provided with the option to select the date and location for testing. If it is not possible to select a weekend date, please complete the application and notify the Office of Assessment Service Desk at 212-374-6646 or [OAservicedesk@schools.nyc.gov](mailto:OAservicedesk@schools.nyc.gov).

If your child is in pre-k or not currently enrolled in a New York City public school, you will be informed of the scheduled test site, date, and time by the DOE. If you submit the RFT form online, you will receive notification via email and by mail. If you submit the RFT form in person, you will receive notification by mail only.

**For Current Public School Students:** If your child is currently enrolled in grades K-2 in a New York City public school, your child's school will inform you of the exact test date. Each elementary school will determine the specific testing schedule they will use within the above-mentioned guidelines. Testing will take place at the school.

## Rescheduling Assessment Due to Illness

**For Pre-K Families and Non-Public School Students:** If your child is sick on the date of the test, the DOE will work with you to try to reschedule. Given the volume of test takers and the limited number of days when testing takes place, rescheduling is limited to availability.

To reschedule an appointment due to illness, please email the test site using the email address provided on the appointment letter. If you do not have access to email, please call the Office of Assessment Service Desk at (212) 374-6646 on the Monday after the scheduled exam and be prepared to provide the operator with the contact information and the name of the test site where your child was scheduled to take the test. If scheduling allows, the test site coordinator will contact you to arrange for a new test date.

**For Current Public School Students:** If your child is sick on the date of the test administration, your child's school will try to reschedule the test for another date within the test administration window. The new test date will be established at the discretion of the school. It is possible that a student who is absent on the date of the test administration may be tested on the day he or she returns to school. Students who are absent on the day the test is scheduled and who return to school after the test administration period will not be tested.

# Assessment Preparation

## The Assessments

The DOE will use two assessments that have been used in many districts across the country. The combination of verbal test items from the *Otis-Lennon School Ability Test* (OLSAT) and nonverbal test items from the *Naglieri Nonverbal Ability Test* (NNAT2) provide a thorough and balanced look at each child's intellectual abilities to identify students who are eligible to apply for a G&T program. Tests are administered by NYC certified/licensed teachers who are trained by Pearson Assessments.

Additional information about these tests and practice questions can be found in the back of this handbook.

## Assessments in Languages Other Than English

Alternate language assessments are available in Arabic, Bengali, Chinese (Cantonese and Mandarin), French, Haitian Creole, Korean, Russian, Spanish and Urdu. Items on the assessments may only be read one time. For this reason, it is not permissible to alternate between languages during the test administration.

## Preparing for the Assessments

There are several things families can do to help their children prepare for the G&T assessments. Children should get adequate sleep and eat a nutritionally balanced meal prior to taking the assessments. Families can also help lessen anxiety by helping to ease their children's minds about the test. Children should be encouraged to do their best, but should also be reminded that they are not expected to know the answer to every question.

Before the actual test administration, families should review the assessment practice materials. Families should read and review the information they receive regarding the test and administration. While a practice test is provided, it is only meant to be used to familiarize young children with the test experience, some test items, and the test structure. Please remember that young children (4-year-olds born in 2008) are not expected to bubble in their responses. The test administrator will record their responses.

If, in the judgment of the test administrator, principal, or site supervisor, a student has had prior exposure to the test or has given aid to or obtained aid from another person during the test, the principal or site supervisor must follow the NYCDOE disciplinary procedure for student cheating and invalidate the student's test. Invalidated tests may not be submitted for scoring.

# Overview of the Assessments

## The Verbal Assessment

The Verbal Assessment is designed to measure verbal reasoning and comprehension skills that are most closely related to scholastic achievement. Tasks such as detecting likenesses and differences, recalling words and numbers, defining words, following directions, classifying, establishing sequence, solving arithmetic problems, and completing analogies are included because they have been shown to be valid measures of an individual's ability to reason logically.

Children's thinking skills (abstract thinking and reasoning) are also measured, which provides an understanding of their relative strengths and weaknesses in performing a variety of reasoning tasks. All items are presented in a multiple-choice format.

Children will be tested in two verbal content clusters: Verbal Comprehension and Verbal Reasoning.

<b>Verbal</b>	<b>Verbal Comprehension</b>	Measures the ability to manipulate or respond to information through listening to language; e.g., following directions
	<b>Verbal Reasoning</b>	Measures the ability to discover patterns or relationships and to solve problems through the use of language such as aural reasoning and arithmetic reasoning

## The Nonverbal Assessment

The Nonverbal Assessment is designed to measure nonverbal reasoning skills and general problem solving ability without the use of language. Tasks such as completing the pattern, sequencing, and connecting ideas are included because they have been shown to be a valid measure of an individual's ability to solve problems, regardless of a student's primary language, socioeconomic background, culture, or prior experience.

Students will be tested on their ability to solve problems and to demonstrate an understanding of relationships.

There are four types of nonverbal test questions: Pattern Completion, Reasoning by Analogy, Serial Reasoning, and Spatial Visualization.

<b>Nonverbal</b>	<b>Pattern Completion</b>	Students will look at a design and identify which portion is missing
	<b>Reasoning by Analogy</b>	Students will recognize relationships between several geometric shapes
	<b>Serial Reasoning</b>	Students will recognize the sequence of shapes
	<b>Spatial Visualization</b>	Students will recognize how two or more objects would look if combined

## Assessment Reliability & Validity

Each test item on the Verbal and Nonverbal Assessments has been statistically analyzed and evaluated for difficulty, reliability, fit, and effectiveness across each age group. All of the items were rigorously reviewed by educators, measurement specialists, and psychologists to ensure that the test is of high quality and without bias toward any subgroup, including gender and ethnic/racial subgroups. The items have also been reviewed for clarity, appropriateness of content, accuracy of correct answers, plausibility of answer options, and appropriateness of vocabulary.

Both tests have been demonstrated to be reliable and valid assessments according to official studies. Reliability refers to the accuracy and precision of the test scores. Validity refers to the extent to which the test measures what it is intended to measure.

# Appeals Process for the Test Administration

If you wish to report a problem with any test administration, you must report the problem in writing within 48 hours of the test administration. Concerns must be reported to the Office of Assessment, via letter or email, to:

OA, G&T Test Administration  
52 Chambers Street, Room 309  
New York, NY 10007  
OAServicedesk@schools.nyc.gov

Additional questions regarding assessments can be directed to the Service Desk at 212-374-6646.

## Scoring the Test

The assessment materials, which are administered by trained educators, will be returned to Pearson Assessments for scanning and scoring.

### Calculating the Score

The scores of the assessments will be combined to generate a percentile rank. Scores will be calculated based on the weight of each assessment and the student's age. The verbal score will be weighted approximately 1/3 and the nonverbal score will be weighted approximately 2/3.

**What is a percentile rank?** Percentile rank refers to a student's relative standing in comparison to other students of the same age. A percentile is not the same as percent correct. Percentile ranks are useful in showing the students' standing within a group, but should not be used in describing differences between the scores of two or more students. Percentile rank is generated based on the child's age; each child is compared to others within the same three-month age band. Therefore, all percentile ranks show the student's standing in comparison to other students of the same age, not grade.

### Receiving Your Results

After tests have been administered and scored, you will receive a score report by both email and mail if you applied online. If you applied in person, you will receive your report by mail only. It is very important that you provide the DOE with current and complete address and contact information. Only those students who score at or above the 90th percentile will receive an application for G&T programs.

### Change of Address

If your address changes after you submit the RFT form, please update your home address information.

- If your child is currently enrolled in a New York City public school, make sure that your new address is updated by your child's school.
- If your child is not currently enrolled in a New York City public school and you submitted an online RFT form, you may update your information online.
- If your child is not currently enrolled in a New York City public school and you submitted the RFT form in person, please call (718) 935-2009 to have your information updated in the database.

# Placement Eligibility

## Eligibility for District G&T Programs

1. Your child must score at the 90<sup>th</sup> percentile or above.
2. Your child must live in New York City both at time of RFT submission and time of application.

## Eligibility for Citywide G&T Programs

1. Your child must score at the 97<sup>th</sup> percentile or above.
2. Your child must live in New York City both at time of RFT submission and time of application.

Students who score at or above the 97<sup>th</sup> percentile are eligible for both Citywide programs and district programs. The Citywide G&T programs serve eligible students from all five boroughs.

Students currently attending district G&T programs may request testing to determine eligibility to apply to Citywide G&T programs; they are not eligible to participate in the application process for other district programs. Students currently attending Citywide G&T programs are not eligible to test for an alternative placement. Families of current G&T students seeking to transfer should file a Placement Exception Request as outlined on page 8.

# Completing the Application

**Students who are entering kindergarten** should participate in the kindergarten admissions process. Kindergarten applicants will receive a general education offer letter in March, and should pre-register to accept that offer. If your child is eligible to apply for G&T placement, you will receive a G&T application with available programs in April 2013.

**Students currently enrolled in school** (current kindergarten, first and second grade students) should only apply to G&T programs they prefer to their current placement.

**All applicants** should rank programs of interest in order of preference; students will be offered the most preferred choice on their application based on the placement criteria outlined above.

It is extremely important to consider where schools are located in relation to your home. We recommend that you visit each school you list on your application—not only to get a sense of the school community, but also to test the commute.

## Applicants with Siblings

**Applicants with siblings currently enrolled in a school to which they are applying** should provide the sibling's current information in the "Siblings" section of the application. Do not list a school to which the sibling is applying as the sibling's current school. The sibling must be pre-registered or enrolled at the school at the time of the application submission.

**Families with siblings applying at the same time** must submit an application for each child.

# Placement

Gifted & Talented placements are based on sibling priority, test score (percentile rank), family preferences (ranked program choices), and the district to which you are zoned to elementary school ("zoned district"). Students will only be placed in schools that have declared available seats.

There is no guarantee that a student will receive a placement offer to a G&T program. The number of eligible students typically exceeds the number of seats available at these programs.

## Grade-Level Placement

A child's date of birth determines grade placement for students born in 2007 and 2008. For example, if your child will be six years old by December 31, 2013 (born in 2007), then your child is required to attend school and is eligible for a first grade G&T placement, not a kindergarten G&T seat.

Students born in 2005 or 2006 apply based on current grade level, not age.

## Citywide Program Placement

For Citywide programs, siblings scoring at or above the 97th percentile will be placed first, by percentile rank. After all eligible siblings have been placed, non-sibling applicants will be placed by percentile rank.

In any case where there are multiple students with the same sibling priority and score, and not enough seats for all of them, offers will be made based upon a random assignment process.

## District Program Placement

Each applicant eligible for placement will have priority for one or more district programs based upon the district to which they are zoned. Families may apply to any program in any district across the city, but applicants with a priority to the district will be placed first. For district programs, siblings scoring at or above the 90th percentile will be placed first, by percentile rank. After all eligible siblings have been placed, non-sibling applicants will be placed by percentile rank. In any case where there are multiple students with the same sibling priority and score, and not enough seats for all of them, offers will be made based upon a random assignment process.

In general, families will only have priority for district programs in the district to which they are zoned. However, in some cases, such as when a district does not offer a program, the DOE will offer applicants priority to one or more program options in neighboring districts. The DOE may open or change programs from year-to-year to accommodate students. The final list of program options for the 2013-2014 school year will be made available to eligible students with the application.

The fact that a G&T program is located in your child's current school or in your child's zoned school does not give your child priority for placement into that school. District G&T programs are meant to serve all students throughout the district and all eligible students are placed using the criteria described above: sibling priority, test score (percentile rank), family preference, and seat availability.

## Scoring at the 99<sup>th</sup> Percentile

The most popular G&T programs fill with children who score at the 99<sup>th</sup> percentile *before* all students scoring in the 99<sup>th</sup> percentile can be placed. Some programs are extremely competitive and placement is not guaranteed.

## Siblings Applying Together

Siblings in different grades applying at the same time will be treated as individual applicants.

Twins and other multiples will be placed together if each child is eligible for the program. The higher scoring sibling is matched through the process detailed above.

# Placement, continued

## Sibling Priority for Placement

An applicant can be granted sibling priority only if the sibling is pre-registered or enrolled in the school at the time of application submission, and will be in grade five or below at that school at the start of the following September. Schools must verify sibling priority.

If your top priority is for your child to be placed in the G&T program in his/her sibling's school, we encourage you to list the sibling's school as your first choice. If you rank another G&T program as a higher choice above the sibling's school, your child may be placed in a school other than the sibling's school.

In any case where there are multiple students with the same sibling priority and score, and not enough seats for all of them, offers will be made based upon a random assignment process.

## Attrition Offers

In some cases, G&T programs may have a few seats that become available due to attrition. Applicants will be eligible to be placed at any program that they ranked higher than their match on their initial application, whether or not they received or accepted a Gifted & Talented offer. Placement is based on the same criteria as the initial placements (sibling priority, test score (percentile rank), and family preferences (ranked program choices). Families do not need to take any action to opt in; the DOE will contact families only if an attrition-based offer can be made.

# Placement Exception Request

## Siblings

If your children are offered placements at different G&T programs, you may request that they be enrolled at the same school by filing a Placement Exception Request (PER) at your local Enrollment Office (listed on page 1). Score information will be included in the review process for PERs, and in some cases, placement in a general education class for one of the siblings may be the only option.

If a younger sibling does not receive an offer for his or her older sibling's G&T program, you may file a PER for that younger sibling to attend the general education program offered in the same school.

**Please note:** If you submit a PER, there is no guarantee that the PER will be granted.

## For Current G&T Students

Families can request a transfer to another G&T program through the Placement Exception Request process detailed above. Priority will be given to families with a documented hardship (such as a sibling, safety, or medical issue) and those who have moved into a new district.

**Please note:** If you submit a PER, there is no guarantee that the PER will be granted.

If you submit a Placement Exception Request (PER), there is no guarantee that the PER will be granted.

## 2012-2013 Schools with G&T Classes

Below is a list of schools with G&T programs in 2012-2013. The X indicates that there is a G&T program at the school for the grade shown in 2012-2013. Please note that not all schools with G&T programs in 2012-2013 will have a G&T program next year, and some schools not listed may start new G&T classes in 2013-2014.

A complete list of programs available to your child will be included with the G&T application.

# Transportation

Placement in a G&T program **does not guarantee school bus service**. Transportation for G&T programs follows the same rules as the rest of general education. In particular, if the program your child attends is in a different district than where you live, school bus transportation will **not** be available, but the DOE will provide your child with a MetroCard. If the program your child attends is in the district where you live, the DOE will use the table below to determine whether or not your child gets free transportation.

Grade Level	Walking Distance from Child’s Home to School		
	Less than ½ mile	½ mile or more, but less than 1 mile	1 mile or more
<b>K-2</b>	Half-fare MTA bus pass	Either Yellow Bus or MetroCard	Either Yellow Bus or MetroCard
<b>3-4</b>	No transportation is provided	Half-fare MTA bus pass	

If your child’s grade and distance from school falls into a box above for “Either Yellow Bus or MetroCard” category, your child will get a yellow school bus if:

1. The school has applied to the Office of Pupil Transportation for yellow bus service;
2. The student lives in the same district as the school; and
3. The DOE can reach the student and at least 10 other students on a bus route that does not exceed 5 miles in length.

Eligible students who do not meet these criteria get a MetroCard. This means that an eligible Kindergartener will get a Metro Card if he/she goes to school in another district or is the only person at her/his school who lives far enough from the school such that the DOE cannot create an 11-person / 5-mile bus route.

**There is one transportation exception.** Students who attend one of the five Citywide G&T programs do not have to live in the same district as their school to be considered eligible for transportation; they must live in the same borough. All other eligibility rules apply.

For information about current bus stops at specific schools, please contact the school directly.

For additional information about transportation eligibility, please visit:

[www.nyc.gov/schools/Offices/Transportation/ParentResources/GeneralEducationEligibility](http://www.nyc.gov/schools/Offices/Transportation/ParentResources/GeneralEducationEligibility)

# Notes

# Gifted & Talented (G&T) Request for Testing Form

Request to Determine Eligibility to Apply for G&T Programs for the 2013-2014 School Year  
For placement in Kindergarten through Third Grade

Only parents/guardians who are current New York City residents may submit a Request for Testing (RFT) form for their child to determine eligibility to apply for placement into a Gifted & Talented (G&T) program. You must complete either an online form or this paper form. Please follow the submission instructions below.

**The deadline to submit the RFT is Friday, November 9, 2012.**

<b>Submission Instructions and Test Dates</b>
<b>Submit Online:</b> All families are encouraged to submit the request online at: <a href="http://www.nyc.gov/schools/ChoicesEnrollment/applyonline">www.nyc.gov/schools/ChoicesEnrollment/applyonline</a>
<b>Submit a Paper Request:</b> Please review the paper submission instructions on the following page as well as deadline information above. Requests submitted to the Department of Education by mail will not be accepted.
<u>Current K-2 Public School Students</u> (not including charter schools) must submit this form to their school by the deadline noted above. Students will be tested at their current school between Monday, January 7, 2013 and Friday, February 8, 2013. Your school will notify you of the exact test date.
<u>Current DOE Pre-K, Non-Public and Charter School Students</u> must submit this form to one of the Enrollment Offices listed on the back of this form by the deadline. These students will be tested on <u>one</u> of the following weekend days: January 5, 6, 12, 13, 19, 20, 26 & 27; February 2 & 3, 2013. You will be notified of the exact test site and date by the Office of Assessment.
If you are a current DOE Pre-K, Non-Public or Charter School student and you have a conflict with all weekend test dates listed above, please see reverse and check here <input type="checkbox"/>

<b>Student Information</b> <i>Please print clearly in blue or black ink only.</i>					
<b>Student First Name</b>	<b>Student Last Name</b>	<b>Student Middle Initial</b>	<b>Date of Birth (mm/dd/yyyy)</b>		
<b>OSIS #/Student ID #</b> (if applicable)		<b>Student Current Grade</b>	<b>Grade in 2013-2014</b>		<b>Gender (optional)</b>

<b>Parent/Guardian Information</b>		
<b>Parent/Guardian First Name</b>	<b>Parent/Guardian Last Name</b>	<b>Email Address</b>
<b>Primary Phone Number</b>	<b>Alternate Phone Number</b>	

I would like my child to be tested in order to determine eligibility to apply to a Gifted & Talented (G&T) program for the 2013-2014 school year. I have read the *Gifted & Talented Program Handbook* and I understand the timeline, assessment, eligibility, placement and transportation criteria pertaining to the Gifted & Talented process. The information I have provided is accurate and truthful. I will use my best efforts to ensure that my child attends the assigned test administration.

Parent/Guardian Signature: \_\_\_\_\_ Date: \_\_\_\_\_

## Gifted & Talented (G&T) Request for Testing Application Instructions

Please read the below instructions carefully. Students will only be tested if an RFT form is submitted by the deadline, **Friday, November 9, 2012**. Be sure to keep your receipt; if your request is not received, you will need to provide proof that it was submitted on time in order to be included in the testing process.

### Online Application Submission Instructions:

- The online Request for Testing form only takes a few minutes to complete and is available at [www.nyc.gov/schools/ChoicesEnrollment/applyonline](http://www.nyc.gov/schools/ChoicesEnrollment/applyonline). All families are allowed to use the online process. Families who apply online will receive email notification that their request has been submitted. Families that do not have access to a computer at home and wish to complete an online RFT can do so at one of the many New York City Public Library locations. Call 311 to find a library in your area. The parent coordinator at your child’s school may also be able to assist you.

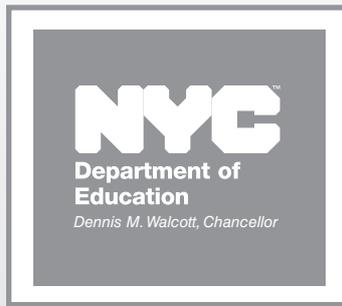

### Paper Application Submission Instructions:

- Public School Students (not including charter schools) must submit this form to their school by **Friday, November 9, 2012**. Students will be tested at their current school between Monday, January 7, 2013 and Friday, February 8, 2013. Your school will notify you of the exact test date.
- Current DOE Pre-K, Non-Public and Charter School Students must submit this form to one of the Enrollment Offices listed below on or before **Friday, November 9, 2012**. DOE Pre-K, Non-public and Charter school students will be tested on weekend dates as listed on the RFT. You will be notified of the exact test site and date by the Office of Assessment. If for some reason it will not be possible for your child to test on a weekend date, please complete and submit the application, and contact 212-374-6646 or [OAservicedesk@schools.nyc.gov](mailto:OAservicedesk@schools.nyc.gov).

Enrollment Offices are open from 8:00am-3:00pm, Monday-Friday. If you have any questions, call 718-935-2009.

# **Part 1**

# **Nonverbal Practice Test Directions For Administering**

# Specific Directions for Administering

## Beginning the Practice Test

1. Ensure the following:
  - a. The desk or table is cleared of books and other materials not related to the practice test.
  - b. Your child is comfortably seated.
  - c. Your child has two No. 2 soft-lead pencils with erasers.
2. Hand your child the New York City Gifted and Talented practice test.
3. Read the following boldface instructions exactly as they are written. If necessary, you may supplement the directions with your own explanations. The text that is not bold is further instruction for you and should not be read aloud.
4. For your convenience, correct responses to the questions are printed at the back of these directions.

## Administering the Nonverbal Practice Test:

Say **Open your test booklet to page 1 and look at the pictures.**

Hold up the test booklet with the first pages visible.

Say **Look at what the boy is doing.**

Give your child about 10–15 seconds to look at the pictorial direction.

Say **He is looking for the answer.**

Answer any questions about what the boy is doing.

Say **Number 2 is the answer because it is a blue square. He is filling in the circle under that answer.**

Point to the answer location.

Say **In this booklet there are some questions to answer. Look at each one carefully and find the missing piece that belongs in the box with the question mark. Do not spend too much time on any one picture. Do as many as you can. If you want to change your answer, erase the mark you made and fill in the circle for your new answer. When you come to the "Stop" sign, do not go any further. Are there any questions?**

Answer all questions.

Say **You may begin.**

Provide as much help as needed so that your child becomes familiar with the different types of items. Do not write down start or stop times or announce them to your child.

When your child has finished the nonverbal practice test,

Say **Stop. Put down your pencil and close your test booklet.**

Let your child take a short break before beginning the verbal practice test.

## **Part 2**

# **Verbal Practice Test Directions For Administering**

# **Directions for Administering the Verbal Practice Test**

The purpose of this Practice Test is to prepare your child to take the New York City Gifted and Talented verbal assessment and become familiar with the types of questions that appear on the test. Your child will learn to recognize linefinders, to follow a row across the page from left to right, to mark answers properly, and to change answers when necessary.

The Practice Test is not scored. Therefore, your child should be given as much help as needed to complete the questions successfully. For most effective use, the Practice Test should be administered approximately one week before the regular test administration. For your convenience, correct responses to the questions are printed at the back of these directions.

# Specific Directions for Administering

All directions to be read to your child are in bold type. Directions to the parent (not to be read aloud) are in regular type. If you make a mistake in reading a question during the test, stop and say, “No, that is wrong. Listen again.” Then read the question or direction correctly.

Say **Now we are going to do some interesting activities that are like puzzles. Leave your booklet closed until I tell you what to do.**

Say **Open your booklet to the first page of the next part of the test. Now look at the first row, where you see a little chair at the beginning of the row. Put your finger on the chair.**

Make sure that your child has opened the booklet correctly and has the first page of the verbal practice test showing.

Say

**1 When pictures go across the page like this, we say they are in a row.**

Demonstrate by moving your finger across the page from left to right.

Say **Be sure you can see the answer spaces. Look at the building blocks next to the little chair. Find the number that is right below a heart. In the next part of the row, mark under that number.**

Pause while your child marks the answer.

Say **What number is right below a heart?**

Pause for reply.

Say **Yes, the number 2 is the only number that is right below a heart. The number 3 is next to a heart but it is not under one. The number 5 is above a heart, and the number 6 is next to a heart. Do you understand why the number 2 is the correct answer? Tell me if you do not understand what we just did.**

Answer any questions. Then go on to question 2.

Say

**2 Put your finger under the next row, where you see the scissors. Mark the space under the picture that shows this: A girl is sitting between a dog and a cat and watching a TV show. A lamp is in back of the TV.**

Pause while your child marks the answer.

Say **Did you mark under the first picture? The first picture is the only one that shows a girl between a cat and a dog, with a lamp behind the TV.**

Answer any questions. Explain further, if necessary.

Say

**3 Now put your finger on the next row, the one with the rainbow. Look at the box next to the rainbow. The box has circles and letters in it. In the next part of the row, mark under the letter that is inside both circles.**

Pause.

Say **Which space did you mark?**

Pause for reply.

Say **Yes, the third answer is the correct one, isn't it? Only the letter C is inside both circles. The letters B and D are each inside only one circle, and the letter A is outside both circles. If you marked the space under a different letter, erase your mark and mark the space under the letter C. Are there any questions?**

Answer any questions your child may have.

Say

**4 Now move your finger to the last row, the one with the kite. Mark under the box where there is a triangle next to a square that has a circle inside it.**

Pause while your child marks the answers.

Say **Did you mark the first answer? It is the only one that has a triangle next to a square that has a circle inside it. Do you understand why the other answers are wrong?**

Make sure that your child understands question 4.

Say **Now turn the page. You should see a little table at the beginning of the first row.**

Make sure your child is looking at page 2 of the verbal practice test.

Say

**5 Listen. Peter ate the two slices of pizza you see at the beginning of the row. David ate exactly as many slices as Peter. In the next part of the row, mark under the picture that shows how many slices of pizza David ate.**

Pause.

Say **Did you mark under the second answer, two slices of pizza? Peter ate two slices, and if David ate exactly as many, then he ate two slices. Do you understand?**

Explain further, if necessary.

Say

**6 Now move your finger to the last row, where you see the egg. Mark under the picture that shows this: In a store window, there are two things to wear and one thing to play with.**

Pause while your child marks the answer.

Say **Which picture did you mark?**

Pause for reply.

Say **Yes, the fourth picture is the only one that shows two things to wear and one thing to play with. Do you understand why the fourth picture is the correct answer?**

Make sure that your child understands question 6.

Say **That is all we will do now. Put your pencil down. In a few days, you will be doing some more problems like these. They will seem familiar to you, because you will remember how they work. Close your booklet so that the front cover is on top.**

Demonstrate. Then collect the test booklet. This concludes the Practice Test.
