## **Notice of Amended Educational Impact Statement: Co-location of Two Grade Levels of Bronx Success Academy 1 with P.S. 30 in School Building X030**

*The proposal to co-locate Bronx Success Academy 1 with P.S. 30 in school building X030, originally scheduled to be voted on by the Panel for Educational Policy at its April 20, 2010 meeting, will be considered by the Panel at its May 18, 2010 meeting. In order to provide an opportunity for the public to comment on the amended educational impact statement, published on April 12, 2010, the public comment period has been extended and an additional joint public hearing will be held. Please see below for the date, time, and location of the joint public hearing and for the phone number and e-mail address to which comments may be submitted.*

### **I. Description of the subject and purpose of the proposed item under consideration.**

In the 2010-2011 school year, Bronx Success Academy 1 (“BSA 1”), a new charter school that will serve grades K-8 at scale, will open in school building X030 (hereinafter referred to as “X030”), located at 510 East 141st Street, Bronx in Community School District 7 (“District 7”). BSA 1 will open with approximately 180 kindergarten and grade 1 students in 2010-2011 and, pending renewal of its charter, will grow to its full grade K-8 scale with approximately 800-811 students in 2017-2018. BSA 1’s grades K and 1 will be co-located with P.S. 30 Wilton (“P.S. 30”) for the 2010-2011 school year.

X030 has sufficient space for two grade levels of BSA and P.S. 30 to operate at full organizational capacity. The 2008-2009 target utilization rate of X030 was 72% and its target capacity is 710. The October 31, 2009 Audited Register at P.S. 30 was 494 students, which indicates that there are approximately 294 available seats in the X030 building. The projected building utilization in 2010-2011 with both BSA 1 and P.S. 30 in the X030 building is only 94%.

Before the start of the 2011-2012 school year the Department of Education (“DOE”) will assess the available space in X030 to determine whether BSA 1 can continue to add one grade per year in the X030 building. Enrollment trends in the two schools may allow for BSA 1’s continued phase-in of additional grades in X030. If the DOE determines that there is sufficient space in X030 for BSA 1 to continue its phase-in, the DOE will propose any continued expansion of BSA 1 in X030 in another educational impact statement. If sufficient space for BSA 1’s continued phase-in does not exist in the X030 building, alternative siting options for BSA’s three additional grade levels will be explored.

The siting of Bronx Success Academy in X030 will expand access to high quality elementary and middle school options for students residing in District 7.
