

Proposed Zone Changes Impacting P.S. 11 and P.S. 152 in District 30
Beginning in the 2015-2016 School Year

The New York City Department of Education (DOE) and the District 30 Community Education Council have identified a need to change the current zones for P.S. 11 and P.S. 152, beginning in the 2015-2016 school year.

Why is the DOE proposing to make these zone changes?

- To create a zone for an elementary school in new building Q339, located at 39-07 57th Street, slated to open for the 2015-2016 school year.
- To alleviate overcrowding at P.S. 11 and P.S. 152.

When would this zoning change be implemented?

- The proposed zone changes would take effect for the 2015-2016 school year.

What changes might District 30 families expect as a result of this proposed rezoning?

- Some residents in the northern portion of the P.S. 11 zone may now be zoned for the new school in building Q339.
- Some residents in the southern portion of the P.S. 152 zone may now be zoned for the new school in building Q339.
- The map on the back of this document shows the proposed zone line changes.

Who does this rezoning proposal impact?

- Incoming pre-kindergarten and kindergarten students or students that are new to NYC schools in 2015-2016.
- All currently enrolled students at P.S. 11 and P.S. 152 may remain in their school.
- Sibling grandfathering, as determined by CEC 30, may be applicable.

How will this rezoning change student enrollment and space at P.S. 11 and P.S. 152?

- Due to new capacity at P.S. 11 expected in the 2017-2018 school year, P.S. 11's total enrollment is expected to increase slightly from approximately 1,340 students to 1,420-1,520 students. With the new capacity, the building utilization at P.S. 11 will decrease from approximately 119% to 90%-100%.
- P.S. 152's total enrollment is expected to decrease from approximately 1,352 students to 1,090-1,190¹ students. This will decrease the building utilization from approximately 128% to 105%-115%.

How will this re-zoning decision be made?

- The DOE made an unofficial, draft presentation to the District 30 CEC at a public meeting on August 21, 2014.
- The DOE made the official presentation to the District 30 CEC on September 22, 2014.
- The CEC collects community feedback.
- The CEC is responsible for approving zoning changes. CEC 30 anticipates voting on this proposal during their October 16, 2014 meeting.

Where can I get more information?

- The presentation materials that were shared during the September 22, 2014 meeting can be found on the DOE Web site: <http://schools.nyc.gov/community/planning/changes/queens/feedback?id=647>

¹ The DOE is planning to issue a proposal to truncate P.S. 152 from a K-6 to a K-5 school beginning in the 2015-2016 school year. P.S. 152's total enrollment and grade span at scale is contingent on approval of this proposal by the Panel for Educational Policy (PEP).

Whom can I contact with questions or comments about the proposal?

- Community Superintendent, Phil Composto: 718.391.8323 or PCompos@schools.nyc.gov
- CEC 30: CEC30@schools.nyc.gov
- Office of District Planning: QueensZoning@schools.nyc.gov

Where can I go for more information on zoning and admissions?

- The Office of Student Enrollment website: <http://schools.nyc.gov/ChoicesEnrollment/Elementary/default.htm>

Proposed Zones (2015-2016):

The green shape represents the current zone for P.S. 11 and the blue shape represents the current zone for P.S. 152. The black outline represents the proposed zone boundaries. The shaded area represents railroad area with no residential addresses. All zone lines run down the center of the street unless otherwise specified. If this proposal is approved, starting in 2015-2016, a family’s zone is determined by the shape outlined in black:
