

Solutions as unique as New York City

Waterford Early Math & Science—The proven benefits of Pre-K–3rd Grade Instruction

Technology that Works for New York City

Pearson partners with New York City educators to help you address the unique challenges and opportunities you face everyday. Waterford Early Math and Science delivers on improved student performance while empowering you to make the best decision that will have the greatest impact on your students.

Waterford—Aligned to New York State Standards

Waterford Early Math and Science provides explicit research-based instructional support through engaging interactive video, animation, and songs. Diversified teaching and remediation strategies allow students to master concepts at their own pace through data sequencing and to have instructions repeated as often as needed.

Waterford—Multicultural Contexts for English Language Learning

Utilizing multimedia, Waterford builds academic language in the content areas of math and science. Waterford provides a comfortable and safe learning environment for English Language Learners to progress at their own pace. Concept books, DVDs and lessons supplement the online curriculum and give teachers multiple tools to use with English Language Learners.

Waterford—Individualized Solutions for Special Education

Waterford provides each student tailored, self-paced instruction, audio support, visual and tactile cues that address multiple learning modalities. Waterford supports the Individual Education Plan of each child by reporting and monitoring performance data. Teachers have the ability to pull this data for assessment and evaluation purposes.

Waterford—Build a Strong Pre-K–3 Foundation

Waterford provides early learners with explicit instruction in critical math and science concepts, building a strong foundation through visual arts and music to capture the young child's attention. Parents are an integral part of the Waterford program and suggested at-home activities are provided to capture the attention of young learners.

Waterford—The Support Continues with Effective Professional Development

Pearson is committed to providing job-embedded professional development to improve teaching, learning, and achievement, customized to the unique needs of each teacher. We work with the leadership team to create a professional development plan for each school. We work with teachers and administrators to affect school change and increase student achievement through ongoing consultations.
