

**Registry  
of  
Independent Providers  
of  
ASSESSMENT  
AUTHORIZATIONS**

**NEW YORK CITY DEPARTMENT OF EDUCATION**

**September 2009**

## **OFFICE OF RELATED AND CONTRACTUAL SERVICES**

### **Registry of Independent Evaluators** **(September 2009)**

In cases where the New York City Department of Education cannot provide Assessments for students identified as being in need of these services, the Registry of Independent Evaluators was developed. The purpose of this Registry is to assist parents in locating New York State permanently licensed or certified (independent) evaluators who have agreed to provide these services under the specific guidelines set forth by the New York City Department of Education. This Registry will be used whenever the New York City Department of Education issues an Assessment Authorization (AA) which is described as follows:

Assessment Authorization (AA): In cases where the New York City Department of Education are unable to provide an Assessment by the New York City Department of Education or contract agency staff, an AA letter is issued to the parent/guardian, advising them of their right to obtain the Assessment from an independent provider of these services at public expense.

The Registry of Independent Providers of Assessment Authorizations the names, addresses, telephone numbers and bilingual capabilities of individuals and agencies who have expressed their interest and availability to provide these services, if needed. All individuals listed have submitted copies of their current New York State license or certificate in their respective discipline, which has since been verified by the New York City Department of Education. In addition, all individuals listed as bilingual have provided satisfactory evidence of their bilingual proficiency. Agencies listed in the Registry must provide the appropriate permanent New York State license and proof of bilingual proficiency of the individual conducting the assessment to the Committee on Special Education (CSE) prior to that individual conducting the assessment. Current and former employees (under one year) of the New York City Department of Education or any other New York City agency will not be included in the Registry unless they formally request in writing and receive a waiver from the New York City Department of Education Conflict of Interest Committee.

It should be noted that this listing is by no means a definitive one. Parents/guardians are under no obligation to utilize any individual or agency on this list, and this list should not be constructed as a recommendation for any particular individual or agency. The New York City Department of Education makes no guarantees or representations regarding the individuals or agencies listed other than to state that the individuals listed have been confirmed to have a current permanent New York State Education Department license or certificate in their respective discipline. This list is also open-ended, in that individuals or agencies may be periodically added or deleted.

Please note that this listing is “discipline specific,” with the individuals and agencies listed having either previously provided services to New York City Department of Education students, or having formally requested to be included as a result of a public advertisement.
