Municipality List of Special Education Teacher Support Services Independent Providers Registry for School Age Children (September 2009)

In cases where the New York City Department of Education cannot provide Special Education Support Services for students identified as being in need of these services, the Special Education Teacher Support Services Independent Providers Registry for School Age Children was developed. The purpose of this Registry is to assist parents in locating permanent New York State licensed or certified (independent) providers who have agreed to provide these services under the specific guidelines set forth by the New York City Department of Education. This Registry will be used whenever the New York City Department of Education issues a P-3 letter, which is described as follows:

P-3 : In cases where the New York City Department of Education are unable to provide Special Education Teacher Support Services, a P-3 letter is issued to the parent/guardian, advising them of their right to obtain the Special Education Teacher Support Services from an independent provider of these services at public expense.

The Registry of Independent Providers of Special Education Teacher Support Services provides the names, addresses, telephone numbers and bilingual capacities of individuals and agencies who have expressed their interest and availability to provide these services, if needed. All individuals listed have submitted copies of their permanent New York State license or certificate, which has since been verified by the New York City Department of Education. In addition, all individuals listed as bilingual have provided satisfactory evidence of their bilingual proficiency. Current and former employees (for one year) of the New York City Department of Education or any other New York City agency will not be included in the Registry unless they formally request in writing and receive a waiver from the New York City Conflict of Interest Committee.

It should be noted that this listing is by no means a definitive one. Parents/guardians are under no obligation to utilize any individual or agency on this list, and this list should not be construed as a recommendation for any particular individual or agency. The New York City Department of Education makes no guarantees or representations regarding the individuals or agencies listed other than to state that the individuals listed have been confirmed to have a current permanent New York State license or certificate. This list is also open-ended, in that individuals or agencies may be periodically added or deleted.

Please note that the individuals and agencies listed have either previously provided services to New York City Department of Education students under the P-3 procedure or have formally requested to be included as a result of a public advertisement.
