Municipality List of Independent Providers of Related Services (September 2009)

In cases where the New York City Department of Education cannot provide Related Services for students identified as being in need of these services, the Municipality List of Independent Providers of Related Services was developed. The purpose of this Municipality List is to assist parents in locating New York State licensed or certified (independent) providers of Related Services who have agreed to provide these services under the specific guidelines set forth by the New York City Department of Education. This Municipality List will be used whenever the New York City Department of Education issues a Related Service Authorization, which is described as follows:

Related Service Authorization (RSA) : In cases where the New York City Department of Education are unable to provide a Related Service by school or contract agency staff, an RSA letter is issued to the parent/guardian, advising them of their right to obtain the Related Service from an independent provider of these services at public expense.

The Municipality List of Independent Providers of Related Services provides the names, addresses, telephone numbers and bilingual capacities of individuals and agencies who have expressed their interest and availability to provide these services, if needed. All individuals listed have submitted copies of their current New York State license or certificate in their respective discipline, which as since been verified by the New York City Department of Education. In addition, all individuals listed as bilingual have provided satisfactory evidence of their bilingual proficiency. Current and former employees (for one year) of the New York City Department of Education or any other New York City agency will not be included in the Municipality List unless they formally request in writing and receive a waiver from the New York City Conflict of Interest Committee.

It should be noted that this listing is by no means a definitive one. Parents/guardians are under no obligation to utilize any individual or agency on this list, and this list should not be construed as a recommendation for any particular individual or agency. The New York City Department of Education makes no guarantees or representations regarding the individuals or agencies listed other than to state that the individuals listed have been confirmed to have a current New York State license or certificate in their respective discipline. This list is also open-ended, in that individuals or agencies may be periodically added or deleted.

Please note that this listing is "discipline specific," with the individuals and agencies listed having either previously provided services to New York City Department of Education students under the RSA procedure or having formally asked to be included as a result of a public advertisement.
