

Amended Notice
April 10, 2014

The Proposed Opening and Co-Location of a New Site of a New District 75 School (75XTBD) with P.S. 42 Claremont (09X042) in Building X042, Beginning in 2014-2015

I. Description of the subject and purpose of the proposed item under consideration.

The New York City Department of Education (“DOE”) is proposing to open and co-locate one site of a new District 75 school (75XTBD, “PTBDX@X042”) in building X042 (“X042”). Building X042 is located at 1537 Washington Avenue, Bronx, NY 10457 in Community School District 9 (“District 9”). If this proposal is approved, PTBDX@X042 will be co-located with P.S. 42 Claremont (09X042, “P.S. 42”), an existing zoned elementary school serving students in kindergarten through fifth grades and offering a pre-kindergarten program. A “co-location” means that two or more school organizations are located in the same building and may share common spaces like auditoriums, gymnasiums, and cafeterias.

This notice has been amended to reflect the new date on which the Panel for Educational Policy (“PEP”) will vote on this and other proposals as well as updated contact information for the DOE office representative from whom information may be obtained regarding this proposal.

Based on projected need for District 75 seats, the District 75 office is seeking to increase its capacity to serve students with autism and intellectual disabilities within the Bronx. If this proposal is approved, the DOE will open a new site of a new District 75 school in the 2014-2015 school year to help meet growing demand for District 75 seats. PTBDX@X042 plans to serve a range of students across grades kindergarten through five who have been classified as autistic or intellectually disabled on their Individualized Education Programs (“IEP”). PTBDX@X042 is projected to serve eight sections of elementary school students in self-contained sections of 6:1:1, 8:1:1, or 12:1:1 classroom settings (ratio of students:teacher:paraprofessional). Students are placed in District 75 programs based on their individual needs and recommended special education services, and are referred to District 75 during a period that extends into summer. Students may be served in this program throughout the course of their elementary school education.

Building X042 also houses a community-based organization (“CBO”), Supportive Children’s Advocacy Network (“SCAN”), which provides enrichment activities and homework assistance for students after school hours. This proposal is not expected to impact the continued siting of this program in X042.

According to the 2012-2013 Enrollment, Capacity, Utilization Report (“Blue Book”), X042 has a target capacity of 717 students. (The concept of “target capacity” is explained in the proposal). During the 2013-2014 school year the building is serving 460 students, yielding an estimated building utilization rate of 64%. This means that the building is “under-utilized” and has space that could be used more efficiently to accommodate additional students. In 2014-2015, when PTBDX@X042 opens, it is projected that there will be 474-582 students served in X042, yielding a building utilization rate of 66%-81%.

If this proposal is approved, PTBDX@X042 will open in September 2014 serving eight self-contained sections of elementary students, for a total of 48-96 students.
