The Proposed Grade Truncation of P.S. 50 Talfourd Lawn (28Q050) to a K-5 School

I. Description of the subject and purpose of the proposed item under consideration.

P.S. 50 Talfourd Lawn Elementary School (28Q050, “P.S. 50”) is an existing elementary school located at 143-26 101st Avenue, Jamaica, NY 11435, in Community School District 28. It currently serves students in Kindergarten through sixth grade and offers a Pre-Kindergarten program. This is a proposal to implement a “grade truncation,” meaning that the school would no longer enroll sixth graders after the current 2010-2011 school year.

At the close of the 2010-2011 school year, all fifth and sixth graders who meet promotional standards would graduate from P.S. 50. In September 2011, these students would enter middle school as sixth and seventh graders, respectively. Beginning in 2011-2012, P.S. 50 would serve students only in Kindergarten through fifth grade and continue to offer a Pre-Kindergarten program. From that time forward, P.S. 50 students would participate in the middle school choice process during fifth grade and move on to middle school for sixth grade.

Middle schools typically enroll students beginning in sixth grade, and P.S. 50 students have the option to apply to start middle school as sixth graders. With the adoption of district-wide middle school choice, P.S. 50 students who wait until sixth grade to apply to middle school are limited to those schools that still have available seventh-grade seats. In particular, there are several unzoned, choice middle schools in District 28, and those schools rarely have open seventh-grade seats, which become available only if sixth graders leave the school. As a result, students who remain at P.S. 50 through sixth grade will have fewer options than their peers who start middle school a year earlier.

Additionally, P.S. 50 students who start middle school in seventh grade may face transitional challenges related to entering middle school a year later than most of their classmates and they remain in their new middle school for only two years before again transitioning to high school. This proposed grade truncation will help standardize middle school application and entry grades in District 28, giving all P.S. 50 students access to the same range of middle school options as their peers throughout the District.
