## Amended Notice

April 25, 2011

# **The Revised Proposed Expansion of Brooklyn Prospect Charter School (84K707) and its Temporary Co-location with Existing Schools Sunset Park High School (15K667) and a District 75 School (75K371) in Building K564**

## **I. Description of the subject and purpose of the proposed item under consideration.**

Brooklyn Prospect Charter School (84K707, “Brooklyn Prospect”) currently enrolls 202 students in sixth and seventh grade in Building K564 (“K564”) at 153 35 Street, Brooklyn, NY 11232 in Community School District 15. It is currently co-located with Sunset Park High School (15K667, “Sunset Park”), a DOE high school that currently enrolls ninth and tenth grade students, and a District 75 School (75K371, “P371K@H667”),<sup>1</sup> currently serving ninth through twelfth grade students in classes for emotionally disturbed and autistic students.

In 2008-2009, before Chancellor’s Regulation A-190 stipulated the process that must be followed when there is a significant change in building utilization, the DOE allowed Brooklyn Prospect to be sited and temporarily co-located in K564 to serve sixth and seventh grades while a permanent facility was secured. This private facility will not be completed and ready for Brooklyn Prospect’s occupancy for the 2011-2012 school year. In an Educational Impact Statement (“EIS”) posted on March 4, 2011, the DOE proposed to re-site Brooklyn Prospect from K564 and temporarily co-locate Brooklyn Prospect in the seven transportable classroom units (“TCU”), referred to as K979 (15K979, “K979”), that are located on the same grounds as the main building, K032 (“K032”) for the 2011-2012 school year while its permanent private facility, located at 265-271 Douglass Street, Brooklyn, NY 11217 is readied for occupancy. Under the original proposal, Brooklyn Prospect would have been co-located with P.S. 32 Samuels Mills Spole (15K032, “P.S. 32”), an existing DOE zoned elementary school that serves kindergarten through fifth grade students and also offers an Autism Spectrum Disorder (“ASD”) Nest program and two full-day pre-kindergarten sections, and New Horizons School (15K442, “New Horizons”), an existing DOE middle school that serves sixth to eighth grade students.

On April 15, 2011, the DOE revised that original proposal. As described in the revised EIS, the DOE revised the proposal to temporarily allow Brooklyn Prospect to remain in its current location, where it is co-located with Sunset Park and P371K@H667, and to expand by one additional grade. **If this revised proposal is approved, Brooklyn Prospect would only remain in the K564 building for one additional year.** The DOE also revised the Building Utilization Plan (“BUP”), which outlined the number of rooms that would be allocated to Brooklyn Prospect, Sunset Park, and P371K@H667 in K564 and the proposed allocation of shared spaces, among other things.

---

<sup>1</sup> 75K371 is sited at three locations: P371K@Lillian L. Rashkis School is located at 355 37th Street, Brooklyn, NY 11232; P371K@H667 is located at 153 35th Street, Brooklyn, NY 11220; and P371K@Telecommunications is located at 350 67th Street, Brooklyn, NY 11220. P371K@H667 is the only site impacted by this proposal; this proposal will not affect the other sites.

If this proposal is approved, Brooklyn Prospect would only remain in the K564 building for **one additional year.**

Also on April 15, 2011, the DOE published a revised notice advising the public that a hearing would not be held at K032, rather a joint public hearing on the revised proposal would take place in K564 on either May 4 or May 10, 2011, pending finalized scheduling. The revised notice also stated that the Panel for Educational Policy would vote on the revised proposal on May 18, 2011. **This amended notice provides a final date for the joint public hearing on this proposal. The joint public hearing will be held on May 10, 2011 at 6:00 p.m. in building K564.**
