## **The Proposed Expansion of Success Academy Charter School Bed-Stuy 1 (84K367) in Building K033 with The School for the Urban Environment (14K330), Foundations Academy (14K322), and a District 75 Program (75K368), Beginning in the 2015-2016 School Year**

### **I. Description of the subject, purpose and substance of the proposal.**

The New York City Department of Education (“DOE”) is proposing to expand the grades served by Success Academy Charter School Bed-Stuy 1 (84K367, “SA Bed-Stuy 1”) in Building K033 (“K033”) to include grade five beginning in the 2015-2016 school year. SA Bed-Stuy 1 is a charter school currently serving students in kindergarten through grade four in K033, located at 70 Tompkins Avenue, Brooklyn NY 11206, in Community School District 14 (“District 14”). SA Bed-Stuy 1 is currently co-located in K033 with The School for the Urban Environment (14K330, “Urban Environment”), a district middle school; Foundations Academy (14K322, “Foundations Academy”), a district high school; and a District 75 program (75K368, “P368K@I033K”) that serves students in grades six through twelve.

Pursuant to recent amendments to the Education Law which provide certain new and expanding charter schools with access to facilities, SA Bed-Stuy 1 made a co-location request to the DOE for space in District 14 for its fifth through eighth grades. Although SA Bed-Stuy 1 requested space for its fifth through eighth grades, at this time the DOE is proposing to site SA Bed-Stuy 1’s fifth grade only at K033.

Success Academy Charter Schools (“SACS”) is a charter management organization (“CMO”) that currently operates 24 schools, including SA Bed-Stuy 1, in New York City. SA Bed-Stuy 1 is a charter school that opened in the 2011-2012 school year, is currently authorized to serve students in grades kindergarten through five, and plans to serve students in grades kindergarten through twelve. The school’s charter was authorized in October 2010 by The State University of New York Trustees (“SUNY”).

In a revised Educational Impact Statement (“EIS”) posted on May 26, 2011, the DOE proposed the siting and co-location of SA Bed-Stuy 1’s kindergarten through fourth grades at K033. The EIS also stated that the DOE would consider long-term options to accommodate the anticipated growth of SA Bed-Stuy 1. On June 27, 2011, the Panel for Educational Policy (“PEP”) approved the siting and co-location of SA Bed-Stuy 1’s kindergarten through fourth grades at K033.

Foundations Academy is part of the School Renewal Program, which will result in the school becoming a community school. This proposal will not impact the school’s participation in the School Renewal Program. If this proposal is approved by the PEP, the DOE will continue to work closely with the Foundations Academy community to ensure all students receive the individualized support they need.

According to the 2013-2014 Enrollment, Capacity, Utilization Report (“Blue Book”), K033 has a target capacity of 1,019 students. (The concept of “target capacity” is explained below in Section II of the EIS.) During the 2014-2015 school year, K033 is serving approximately 683 students, yielding a utilization rate of approximately 67%. Consequently, K033 is currently “underutilized,” and has excess space to accommodate additional students. If this proposal is approved, in 2015-2016, when SA Bed-Stuy 1 expands to serve fifth grade students at K033, there will be approximately 680-710 students served by all three

schools and P368K@I033K in the building, yielding a projected utilization rate of approximately 67%-70%, which demonstrates that there is sufficient space for all school organizations.

The grade expansion of SA Bed-Stuy 1 in K033 is intended to support the educational continuity of students currently enrolled in SA Bed-Stuy 1. If this proposal is approved, SA Bed-Stuy 1's fourth-grade students who are eligible for promotion will have the opportunity to remain in SA Bed-Stuy 1 at K033 for fifth grade beginning in 2015-2016. SA Bed-Stuy 1 will continue to use shared spaces with Urban Environment, Foundations Academy, and P368K@I033K. As set forth in the Building Utilization Plan ("BUP") that accompanies this proposal, there is sufficient space in the building to accommodate this expansion.
