Judy A. Henry
Principal

December 3, 2012

Dear Student:

You have been given an account on Queens Gateway to Health Sciences Secondary School's Student Services Site named Daedalus.

Students, teachers, and parents will all visit a different version of the site.

Your username, password can be given to you from the school.
Please ask Ms. Craig, our parent coordinator.

The Student Site will allow you to enter your email address, check your grades, enter information in your college application process forms, make course selections and more.

It is critical that you log into the site and change your password as soon as possible to something you will remember.

The location of the Student Site is students.qghs.net. You will be asked to agree to a 'User Agreement' when you first log in. Please take the time to read the agreement.

We need you to enter an email address at which we can reach you. If you have an email account that you normally use, please click the 'Your Email Address' link on the home page and enter your email address. Then all email to you from teachers and the school will be sent to that address.

If you don't already have an email account, there are several links on the page that will take you to sites where you can sign up for a free email account.

Thank you.
