

To view mandates from another term:

1. Select the term from the Global View widget, labeled ***I am viewing:*** drop-down list in the upper right corner.

When you select a different term from the drop-down list other than the current term, the background will turn yellow (see below) to remind you that you are not viewing the current term.

2. Select the appropriate sub-tab.

All Provider Assignment screens, tabs, buttons, popups, and reports will function in the same manner as for 10 month services.
