DESCRIPTION

The community of Middle School 890 believes that a well-rounded individual, passionate about learning and committed to his or her talents, is best prepared for the demands of the modern career landscape. Through the approach of the *School-wide Enrichment Model*, the staff of M.S. 890 is committed to creating an engaging, supportive and rigorous learning environment. Our academic program, which leads students through a series of project-based, interdisciplinary units of study, frames learning experiences within the context of the real world. Teachers plan for open-ended tasks that allow for various solutions, work products, and means of showing mastery. Students are actively engaged in instruction that requires high-level thinking, discussion and collaboration with peers. As a result, students grow as independent thinkers and apply what they learn to devise solutions that have a positive impact on their world.

A five-day summer planning institute will offer an essential opportunity for staff to be involved in developing the school's culture and instructional program.

Because we believe that all staff members play an important role in the education of our students, the school will offer opportunities for secretaries to participate in the school community in a variety of ways:

- In-house school committees and/or special programs.

Advance notice of dates will be supplied, and those who participate will be compensated according to the terms of the UFT contract. Staff participation in these activities is voluntary, although strongly encouraged, as they are very important to the development of the school.
