The Proposed Re-Siting of P.S. 191 (03M191) to New Building M342 in the 2017-2018 School Year

I. Description of the subject and purpose of the proposed item under consideration.

The New York City Department of Education (“DOE”) is proposing to re-site P.S. 191 (03M191, “P.S. 191”), an existing district school that currently serves 440 students in kindergarten through eighth grade and a pre-kindergarten program, to new building M342 (“M342”), located at 21 West End Avenue, New York, NY 10023 in Community School District 3 (“District 3”), in the 2017-2018 school year. P.S. 191 is currently located in building M191 (“M191”) at 210 West 61st Street, New York, NY 10023 in District 3. M191 is 0.2 miles away from M342. A “re-siting” means that part or all of a school will be located in a different building than the building the school is currently located in. If this proposal is approved, P.S. 191 will serve the entirety of its students in M342 beginning in the 2017-2018 school year. M191 also houses six community based organizations (“CBO”); YMCA, Kids Creative, Hudson Guild, Reaching for the Arts, Counseling in Schools, and The Jewish Board for Family and Children Services. If this proposal is approved all CBOs are expected to be re-sited with P.S. 191 and continue to provide services in M342.

The DOE is proposing to re-site P.S. 191 to M342 because of the enhanced resources that M342 will provide to P.S. 191, and in particular, P.S. 191’s middle school grades. M342 is designed for a kindergarten through eighth grade school with a pre-kindergarten program, is only 0.2 miles away from M191, and is in P.S. 191’s current elementary school zone. M342 will provide P.S. 191 with a building that is better suited for middle school instruction as it will have a science laboratory and demonstration room, a library, a medical suite, a gymnasium¹, and a uniquely designed music suite with a classroom, practice cubicles, and music storeroom that M191 does not provide. M342 will also provide the broader District 3 community with a new pre-kindergarten through eighth grade facility. Additionally, P.S. 191’s ability to grow in M342 will add much needed elementary school capacity to an overcrowded portion of the district.

On November 15, 2015, Community Education Council 3 (“CEC 3”) passed a unanimous resolution recommending that P.S. 191 be re-sited to M342 when it opens in the 2017-2018 school year. On December 15, 2015, there was a P.S. 191 stakeholder meeting at which the P.S. 191 community also requested that their school be re-sited to M342. The

¹ A gymnasium is an auditorium that retains adequate space for physical education.

DOE's proposal to re-site P.S. 191 to M342 addresses the community's desire and the CEC's unanimous resolution.

M342 is anticipated to be completed by September 2017. The re-siting of P.S. 191 is contingent upon completion of this construction. If M342 is not ready for student occupancy in the 2017-2018 school year, the DOE may issue a new proposal for an alternative siting in accordance with Chancellor's Regulation A-190. Because the building is currently under construction, M342 is currently unoccupied. According to the School Construction Authority ("SCA")'s Program of Requirements ("POR"), M342 is projected to have the capacity to serve 692 students.

If this proposal is approved, beginning in the 2017-2018 school year, P.S. 191's kindergarten through eighth grade and pre-kindergarten program will be served in M342. In the 2017-2018 school year, M342 will have an estimated building utilization rate of 62%-75%. By the 2022-2023 school year, when P.S. 191's enrollment is projected to grow to scale, M342 will have an estimated building utilization rate of 82%-95%.
