

Amended Notice
May 27, 2015

The Proposed Expansion of Icahn Charter School 7 (84X362) in Buildings X093 and X893 with P.S. 93 Albert G. Oliver (08X093), Beginning in the 2016-2017 School Year

I. Description of the subject, purpose and substance of the proposal.

The New York City Department of Education (“DOE”) is proposing to expand the grades served by Icahn Charter School 7 (84X362, “Icahn 7”) in building X093 (“X093”) and mini-school building X893 (“X893”) to include grades five and six beginning in the 2016-2017 school year. Icahn 7 is an existing public charter school currently serving students in kindergarten through third grade in X093, located at 1535 Story Avenue, Bronx, NY 10473 in Community School District 8 (“District 8”). Icahn 7 is currently co-located in X093 with P.S. 93 Albert G. Oliver (08X093, “P.S. 93”), a district school serving students in kindergarten through fifth grade and offering a full-day pre-kindergarten program. A “co-location” means that two or more school organizations are located in the same building and may share common spaces like auditoriums, gymnasiums, libraries, and cafeterias.

On April 1, 2015 the DOE posted notice of a proposal to expand Icahn Charter School 7 (84X362) in buildings X093 and X893 with P.S. 93 Albert G. Oliver (08X093), beginning in the 2016-2017 school year. This notice has been amended to provide the new date and location of the meeting for the Panel for Educational Policy (“PEP”) at which these and other proposals will be voted. The new vote on this proposal will take place on June 10, 2015 at Murry Bergrtraum High School, which is located at 411 Pearl Street, New York, NY 10038.

No changes have been made to the Educational Impact Statement (“EIS”) or Building Utilization Plan (“BUP”) posted on April 1, 2015.

A joint public hearing to receive comment on this proposal took place on May 6, 2015. The DOE will continue to accept comment via email and phone (as detailed in section III of this notice).

The grade expansion of Icahn 7 in X093 and X893 is intended to support the educational continuity of students currently enrolled at Icahn 7. If this proposal is approved, current and future Icahn 7 students who are eligible for promotion will have the opportunity to remain in Icahn 7 at X093 and X893 for fifth and sixth grade beginning in 2016-2017. Icahn 7 currently only occupies space in X093. If this proposal is approved, the Office of Space Planning will work with the Building Council comprised of leadership from P.S. 93 and Icahn 7 to determine the best way to allocate space between main building X093 and mini-school building X893.

Pursuant to recent amendments to the Education Law, which provide certain new and expanding charter schools with access to facilities, Icahn 7 made a co-location request to the DOE for space in District 8 for its fifth through eighth grades. Although Icahn 7 requested space for its fifth through eighth grades, at this time the DOE is proposing to site only grades five and six of Icahn 7 at X093 and X893.

The Icahn Network currently operates seven public charter schools, including Icahn 7, across the Bronx, specifically in Districts 8, 9, and 11. Icahn 7 is a charter school that opened in the 2013-2014 school year.

The school's charter was authorized in June 2011 by The State University of New York Trustees ("SUNY"). For the 2013-2014 school year, schools in the Icahn Network had an average ELA proficiency rate of 48% and Math proficiency rate of 65%. The Citywide average ELA and Math proficiency rates for the 2013-2014 school year were 28% and 34%, respectively.

In an EIS posted on May 10, 2012, the DOE proposed the siting and co-location of Icahn 7's kindergarten through fourth grades at X093 and X893. The EIS also stated that the DOE would consider long-term options to accommodate the anticipated growth of Icahn 7. On June 26, 2012, the PEP approved the siting and co-location of Icahn 7's kindergarten through fourth grades at X093. The details of the approved proposal concerning the co-location of grades kindergarten through four of Icahn 7 in X093 and X893 can be found on the DOE Web site at: <http://schools.nyc.gov/AboutUs/leadership/PEP/publicnotice/2011-2012/June2012Proposals>.

According to the 2013-2014 Enrollment, Capacity, Utilization Report ("Blue Book"), X093 and X893 have a collective target capacity of 651 students. During the 2014-2015 school year, X093 and X893 are collectively serving approximately 545 students, yielding a combined utilization rate of approximately 84%. This means that X093 and X893 are currently "under-utilized" and have excess space to accommodate additional students. If this proposal is approved, in 2017-2018 when Icahn 7 expands to serve sixth-grade students at X093 and X893, approximately 612-707 students will be served in X093 and X893 by P.S. 93 and Icahn 7, yielding a projected utilization rate of approximately 94%-109%. As discussed in Section II.B of the EIS, while the building utilization rate is projected to exceed 100%, both schools will receive their baseline space allocations pursuant to the Citywide Instructional Footprint over the course of the proposal.

The DOE believes in the Icahn Network's overall record of success and supports the expansion of Icahn 7 to grade six in the X093 and X893 buildings in order to continue providing excellent educational opportunities for students and families.
