February 10, 2014

Dear Parents of Grade 3 - 5 Students,

The New York State Math Test for Grade 3 – 5 students is scheduled for April 30 – May 2, 2014. Our students have been working since school began in September to prepare for this test. We know that our parents have some questions about the structure of the test, the contents of the test and what they can do at home to help their child prepare for the test. To provide you with the answers to these questions, we will be conducting a Math Workshop for parents on Wednesday, February 26<sup>th</sup> at 6:00 p.m.

The workshop will:

- Give parents an overview of the test.
- Explain why the test is given.
- Give parents an opportunity to review some sample test questions.
- Explain how the tests are scored (the grading rubric used).
- Explain what the results of the test mean to your child.

Please join us on Wednesday, February 26<sup>th</sup> at **6:00 p.m.** so all of your questions about the NYS Math Test can be answered. Let us know if you will attend the workshop by completing the tear-off below and returning it to school by Friday, February 14<sup>th</sup> or by sending an e-mail reply to Nina Lipton, our Parent Coordinator at: [nlipton@schools.nyc.gov](mailto:nlipton@schools.nyc.gov)

Once again, I would like to thank you for your support of our school programs and we look forward to seeing you at the workshop.

Sincerely,

Monica Powers-Meade  
Principal

**Attention: Nina Lipton, PC**

**NYS Math Parent Workshop**

Yes, I will attend on Wednesday, February 26<sup>th</sup>
