## **Educational Impact Statement**

### **I. Description of the subject and purpose of the proposed item under consideration.**

In the 2010-2011 school year, a new transfer school, (10X446, hereinafter referred to as "10X446"), a new DOE school that will serve grades 9-12, will open in school building X435, the Theodore Roosevelt Campus ("Roosevelt Campus"), located at 500 East Fordham Road, Bronx in Community School District 10 ("District 10") with an enrollment of approximately 100-150 grades 9-12 students. Transfer schools are small, academically rigorous, diploma granting high schools designed to re-engage students who are over-age and under-credited or have dropped out of high school. Each transfer school determines its own criteria for admission. Interested students apply directly to the transfer school through its school-based process.

The Roosevelt Campus currently houses six schools: (1) West Bronx Academy for the Future (10X243, "West Bronx Academy"), a secondary school serving grades 6-12; (2) Belmont Preparatory High School (10X434, "Belmont Prep"), a high school serving grades 9-12; (3) Fordham High School for the Arts (10X437, "FHSA"), a high school serving grades 9-12; (4) Fordham Leadership Academy for Business and Technology (10X438, "FLABT"), a high school serving grades 9-12; (5) Bronx High School for Law and Community Service (10X439, "BHSLCS"); and (6) Knowledge and Power Preparatory Academy International High School (10X374, "KAPPA").

The new transfer school, 10X446, will co-locate with West Bronx Academy, Belmont Prep, FHSA, FLABT, and BHSLCS. KAPPA, however, will no longer be located at the Roosevelt Campus. In separate educational impact statements published in December 2009, the DOE proposed the re-siting of KAPPA from the Roosevelt Campus to school building X415 as part of its proposals to phase-out and eventually close Global Enterprise Academy and Christopher Columbus High School. Pending approval of these proposals by the Panel for Educational Policy on January 26, 2010, before the start of the 2010-2011 school year, KAPPA will relocate from the Roosevelt Campus to space made available in school building X415 by the phase-outs and closures of Global Enterprise Academy and Christopher Columbus High School. The siting of the new transfer school, 10X446, at the Roosevelt Campus is contingent on approval of the proposals to re-site KAPPA and to phase-out and eventually close Global Enterprise Academy and Christopher Columbus High School.

The 2008-2009 target utilization rate of the Roosevelt Campus was 92%, and its target capacity is 2,757. The building has sufficient space to accommodate the new school, WBAF,

Belmont Prep, FHSA, FLABT, and BHSLCS. The new school will provide students with a new transfer school option in the Bronx.
