Educational Impact Statement

I. Description of the subject and purpose of the proposed item under consideration.

Beginning in the 2010-2011 school year, Frances Perkins Academy (14K632 hereinafter referred to as “Perkins”), an existing school serving students in grades 9-10, will move from its current location in Community School District 14 (“District 14”) to the Bushwick High School Campus (the “Bushwick Campus”), located at 400 Irving Avenue, Brooklyn in Community School District 32 (“District 32”). Perkins is a new high school that opened in 2008-2009 and is currently in the process of growing to its full 9-12 grade scale. The school will serve grades 9-11 in 2010-2011 and will reach its full grade scale in 2011-2012.

Perkins is currently housed in the Automotive Trades Vocational High School Campus (the “Automotive Campus”), located at 50 Bedford Avenue, Brooklyn, and it is co-located with Automotive High School (14K610, “Automotive”), a high school serving grades 9-12. Automotive will remain the Automotive Campus following Perkins’s move. At this time, there are no plans for the use of space made available at the Automotive Campus by the move of Perkins.

There are currently four high schools located at the Bushwick Campus: (1) the Bushwick School for Social Justice (“Social Justice”); (2) the Academy of Urban Planning (“Urban Planning”); (3) the Academy for Environmental Leadership (“Environmental Leadership”); and (4) the New York Harbor School (“Harbor School”). Perkins will co-locate with Social Justice, Urban Planning, and Environmental Leadership. Before the start of the 2010-2011 school year, the Harbor School will move from its current location to school building M877 on Governor’s Island.

The 2008-2009 target utilization rate of the Bushwick Campus was 90%, and its target capacity was 1,212. The building has sufficient space to accommodate Perkins, Social Justice, Urban Planning, and Environmental Leadership at full organizational capacity. The relocation of Perkins will provide the school with sufficient space to grow to serve their students in grades 9-12 and will provide an additional high school option to students in Bushwick.
