

Proposed Zone Changes Impacting 20K176 and 20K112 in District 20
Beginning in the 2015-2016 School Year

The New York City Department of Education (DOE) and the District 20 Community Education Council have identified a need to change the current zones for P.S. 176 and P.S. 112.

Why is the DOE proposing to make these zone changes?

- To expand the zone for P.S. 112. Beginning in 2015-2016, P.S. 112 will have additional capacity: building K768 will be used as an annex for P.S. 112.
- To alleviate overcrowding in District 20.

When would this zoning change be implemented?

- The proposed zone changes would take effect for the 2015-2016 school year.

What changes might District 20 families expect as a result of this proposed re-zoning?

- Some residents in the eastern portion of the P.S. 176 zone may now be zoned for P.S. 112.
- The map on the back shows the proposed zone line changes.

Who does this rezoning proposal impact?

- Incoming pre-k and kindergarten students or students who are new to NYC schools in 2015-2016.
- All currently enrolled students at P.S. 176 may remain in their school.
- Sibling priority, as determined by CEC 20, may be applicable.

How will this rezoning change student enrollment and space at P.S. 176 and P.S. 112?

- P.S. 176's total enrollment is expected to decrease from approximately 1,415 students to 1,170-1,230 students. This will decrease the building utilization from approximately 176% to 145%-152%.
- P.S. 112's total enrollment is expected to increase from approximately 530 students to 720-780 students. Due to the new capacity, this will decrease the building utilization from approximately 145% to 121%-131%.

How will this re-zoning decision be made?

- The DOE proposed zoning changes to the District 20 CEC at a public meeting on September 17th.
- The CEC collects community feedback.
- The CEC is responsible for approving zoning changes. CEC 20 anticipates voting on this proposal during their October 8th meeting.
