March 27, 2012

Dear Parents and Guardians,

As the warmer weather approaches there are some important items I would like to review regarding traffic and safety.

Our school now has a population of over 1500 students. Some come by bus, car or walk. I am seeing some very dangerous practices and fear it is only a matter of time until someone gets hurt.

Parents please do NOT:

- Drop off children in the middle of the street
- Block crosswalks dropping students off
- Park on the perimeter of the school block (waiting for students that are on line to go into building).

In addition to the traffic problems, our school yard area is much smaller due to construction.

Please do not block the exits/entrances and wait for your child by the designated areas.

Kindergarten will continue to dismiss from the multi-purpose room and Grade 1 from the gym.

Thank you for your cooperation to assure the safety of our children.

Sincerely,

Dr. Ajwani

Principal
