

Core Word:

**MORE**

---

### Language Goal

Use this word to request continuation of an activity, additional quantity or amount.  
This word can also be used to comment about a greater quantity or amount  
(i.e. **MORE** vs. less)

---

## PRE-TEACHING

We invite parents to help us to expose students to target words/concepts, so when the teacher introduces the concepts in class, the students have a comfort and interest because they have a point of reference. Send a letter home to parents introducing the word of the week. Attach the symbol for the word **MORE** and the definition that will be reviewed in school.

### Instructions to Parents:

The first step in introducing new words or concepts is exposure. Just by hearing the words in their environment enables them to begin to understand the meaning. Model the use of the words in your everyday conversation. Place emphasis on the target word to draw attention to it. For example, "I would like **MORE** milk" Below are some suggested activities to guide you. By doing this, you are creating a point of reference for your child so when the teacher introduces the work or concept they can engage better in the lesson, as they have prior knowledge. Thanks for your help!

Encourage your child to use the word **MORE**:

- Pause during pleasurable activities ( playing a game, kisses, hugs, tickles, etc.)
- Give your child small amounts of snack foods at a time and encourage your child to request **MORE** when appropriate.
- Only give your child some pieces to a puzzle or other preferred toys and encourage your child to request **MORE** when appropriate.

## LET'S TALK ABOUT IT

**NOTE:** The words “SAY” or “TALK” are used to indicate that the student has communicated something. Students that have expressive language delay or are non-verbal access communication in alternative ways (e.g. use of voice output communication devices, pointing to pictures, use of gestures, utilizing eye gaze, or any combination of these). **ALL** of these methods are legitimate and effective ways to SAY something. We must accept these alternative ways as valid, the same way we accept the spoken word.

**TEACHER INTRODUCES WORD AND CONCEPT:** (this can be incorporated into morning meeting or to kick off a literacy lesson).

Show symbol for **MORE**. Make the connection between the symbol and the word. Explain the meaning of the word **MORE**. For example, “we use the word **MORE** to let others know what we would like to *continue* to play with or use; something to eat, drink, or do something. Sometimes we point to what we want and that is okay too. Let’s combine the word **MORE** with what it is we want to have. For example **MORE** + tickle.

# COLLABORATION IN THE CLASSROOM

Practice use and application of the word **YES** in a structured lesson. *Collaborate with OT, PT, SLP, and/or Psychologist to encourage motivation and engagement.*

**\*All teaching staff will wear the symbol on a lanyard around his/her neck to remind themselves and the class that this is the word of the week.**

## CHORAL PRACTICE:

It is so important to create a community of learners. Choral practice unites the class. You can initiate practice by saying “Let me hear who knows our target word...I can’t hear you. *Students say MORE.* All together let me hear you say **MORE.** Excellent Job! Now get your voices ready! If you speak or use something to speak for you, I need to hear you say it. What is that word again?” **MORE.** Excellent! Way to go! I love when you all work together.

## GET PHYSICALLY ENGAGED IN LEARNING:

“Hands in the air! Let’s write in the sky. “Give me an M. Give me an O. Give me an R, Give me an E”. Students trace with their fingers or move their heads to make the letter formations. Hand over hand assist for those that need it still provides the physical experience.

## Additional Activities that can take place throughout the week:

- Smart Board Activities: Check out these resources for ready made Literacy, Math, Social Studies, and Science activities:
  - <http://faculty.usiouxfalls.edu/arpeterson/kindergarten%20smartboard%20sites.htm>
  - <http://www.mrshurleysest.com/smartboards/smartboardfavorites.html>
- Social story
- Role playing activities using real objects and highly enjoyable activities

## REINFORCEMENT

Students will be exposed to the word **MORE** throughout the day. PROVIDE AS MANY OPPORTUNITIES AS POSSIBLE!

Students will be encouraged to use the word **MORE** when making choices during:

- Classroom lessons (i.e. choosing crayons, pencils)
- Mealtime (choosing snack items, utensils)
- Independent reading time (choosing book)
- Recess (requesting more swinging or other actions), etc.

## Message to Administration

The support of Administration is key to the success of any program or plan in a school.

### Recognition IS Reinforcement!

The staff will post the target core words that are being worked on, either outside the classroom or on a board inside the classroom. This will make it easy to know what has been achieved. The classroom staff will be wearing the symbol that is being worked on. Feel free to talk to the students and offer opportunities to practice the words they have learned.

Please compliment the staff and the students on their efforts to become independent communicators!

Students who can communicate can perform better in the classroom!
