The Proposed Opening of a New Middle School (05MTBD) and Co-Location with Existing Schools I.S. 195 (05M195) and KIPP Infinity Charter School (84M336) in Building M195

I. Description of the subject and purpose of the proposed item under consideration.

On January 31, 2011, the New York City Department of Education (“DOE”) published an Educational Impact Statement (“EIS”) proposing to open a new District middle school I.S. TBD (05M514, “New School”) serving grades six through eight in Building M195, located at 625 West 133rd Street, New York, NY 10027 in Community School District 5. This new middle school would be co-located in M195 with an existing District choice middle school, I.S.195 Roberto Clemente (05M195, “I.S. 195”) and KIPP Infinity Charter School (84M336, “KIPP Infinity”), an existing public charter school currently serving Kindergarten and grades five through eight. In addition, in a separate EIS also posted on January 31, 2011, the DOE is proposing the temporary co-location of KIPP High School grades in M195 for the 2011-2012 and 2012-2013 school years. A “co-location” means that two or more school organizations are located in the same building and may share common spaces like auditoriums, gymnasiums, and cafeterias. The DOE has now published an amended EIS and Building Utilization Plan which corrects typographical errors and removes an erroneous reference to the grade levels to be served by New School in building M195 and conforms that reference to the others in the EIS, which state that New School will serve grades six through eight. This amended EIS does not substantially revise the proposal itself.

In a separate EIS published on December 18, 2010, the DOE proposed to gradually phase out and eventually close I.S. 195 because of its low performance and inability to turn around quickly to better support student needs. That proposal was approved by the Panel for Educational Policy on February 1, 2011. This new middle school is proposed to replace I.S. 195 and provide a high quality option to middle school students in District 5.

I.S. 195 admits students in sixth grade through the District 5 Middle School Choice application process, and is a district choice middle school. The school currently enrolls 398 students. I.S. 195 will no longer admit sixth-grade students after the conclusion of the 2010-2011 school year. One grade will be phased out per year. During the 2011-2012 school year, I.S. 195 will serve students in grades seven and eight. In 2012-2013, I.S. 195 will serve students in eighth grade only. The school will close after June 2013.

The New School would open in September 2011 with sixth grade, and add one grade per year until it serves sixth through eighth grades. New School would offer up to three sections per grade

of General Education/Collaborative Team Teaching (“CTT”) classes, Special Classes (also called self-contained special education classes, “SC”), and a special education program to serve students who are cognitively impaired. Admission to New School would be through the District 5 Middle School Choice process. New School would be a Limited Unscreened school, meaning students who express interest by attending an information session at the school or speaking to school representatives at a middle school fair would receive admission preference. Total enrollment at the new school would be approximately 300-375 students at full scale.

If the proposals affecting M195 are each approved, in 2011-12 New School would be co-located with KIPP Infinity, I.S. 195 as that school phases out, and KIPP High School.
