## **The Proposed Co-location of Girls Preparatory Charter School (84M330) with East Side Community School (01M450) in Building M060**

### **I. Description of the subject and purpose of the proposed item under consideration.**

On January 21, 2011, the New York City Department of Education (“DOE”) issued a proposal to relocate Girls Prep middle school grades five through eight to building M060, located at 420-1 East 11<sup>th</sup> Street, New York, NY 10009 in Community School District 1. This amended notice provides a date for the joint public hearings regarding the proposal to be held at buildings M060 and M188.

The Girls Preparatory Charter School (84M330, “Girls Prep”) is an existing public charter school serving girls in Kindergarten through sixth grade. The school is expanding to serve seventh grade in 2011-2012 and eighth grade in 2012-2013. Currently, grades Kindergarten through four are located at 442 East Houston Street, New York, NY, 10002, in Community School District 1, in Building M188 (“M188”). Fifth and sixth grades are currently located in privately leased space at 51 Astor Place, New York, NY 10003, which is also located in Community School District 1. Girls Prep is authorized by SUNY Charter Schools Institute. Girls Prep enrolls only female students. It admits students by lottery, and gives preference to students residing in Community School District 1.

In M060, Girls Prep would co-locate with East Side Community School, (01M450, “East Side Community”) an existing District 1 choice secondary school serving grades six through twelve. A “co-location” means that two or more school organizations are located in the same building and may share common spaces like auditoriums, gymnasiums, and cafeterias.

As background to this proposal, on February 24, 2010, the Panel for Educational Policy approved a proposal for Girls Prep to expand the grades served to include middle school grades 6-8 in M188. A lawsuit prevented the implementation of this proposal, and Girls Prep middle school grades five and six were instead relocated to private space for 2010-2011. The lease on this space expires on June 30, 2011, and the building is slated for demolition.

Building M060 currently houses two schools. In 2009-2010, building M060 had a target capacity of 1,036 students, and a utilization rate of 94% of target capacity. East Side Community currently enrolls 599 students in sixth through twelfth grade. Ross Global Charter School (84M355, “Ross Global”), a DOE-authorized charter school, is also currently co-located in M060, with an enrollment of 396 students in Kindergarten through eighth grade. Thus, total current enrollment in M060 is 995 students, which would yield a utilization of 96%. Ross Global’s current charter expires on June 30, 2011, and its application for a renewal of its charter beyond that date has been denied. Ross Global is scheduled to close at the end of the 2010-2011

school year, meaning that M060 would become under-utilized starting with the 2011-2012 school year. The DOE is proposing to site Girls Prep middle school grades in this newly available District 1 space in order to maintain access to a high quality K-8 school for female students in District 1.
