1st Paragraph- *Describe your growth (or lack of growth) over the unit. Include each section of the rubric.*
2nd Paragraph-*Explain what you can do to improve on the second essay (topic choice) of the unit.*
3rd Paragraph-*Explain what I can do to help you improve on the second essay (topic choice) of the unit.*

Dear [redacted],

I feel like I've grown a lot over this unit. In meaning I went from a 3 to a 4. In organization I went from a 2.5 to a 4. I went from a 3 to a 3.5 in Craft and from a 2.5 to a 3.5. I think that's a big improvement considering that when we first wrote the flash draft my essay barely made sense. But I worked hard to improve it.

To improve on the topic essay I need to focus on analyzing/explaining evidence. I don't know why im having so much trouble. I'm usually pretty good at analyzing. Not only that, but I need to try to use more transitional words and phrases. I didn't really notice

that I hadn't used only. I don't really think I NEED to use them but it is on the rubric and cost me a few points.

To help me on the topic essay I feel that you should continue to make comments. The comments have really helped me. It has made editing/revising soo much easier. I also think that we should do a quick review on analyzing evidence. I'm positive I'm not the only one struggling with that.

good idea!

Sincerely,
